Citation Report
List of articles citing

Genome sequencing in microfabricated high-density picolitre reactors

DOI: 10.1038/nature03959
Nature, 2005, 437, 376-80.

Version: 2024-04-17

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2282	Book Reviews : The Combustion of Organic Polymers. C. F. Cullis and M. M. Hirschler. Clarendon Press, Oxford. 1981. 419 pages. $59.00. **1982**, 52, 543-543
