

CITATION REPORT

List of articles citing

Risk factors and comorbidities in primary biliary cirrhosis: a controlled interview-based study of 1032 patients

DOI: 10.1002/hep.20907
Hepatology, 2005, 42, 1194-202.

Source: <https://exaly.com/paper-pdf/38330040/citation-report.pdf>

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
