

# CITATION REPORT

List of articles citing

Repeated visual hallucinations in Parkinson's disease as disturbed external/internal perceptions: focused review and a new integrative model

DOI: 10.1002/mds.20308

Movement Disorders, 2005, 20, 130-40.

**Source:** <https://exaly.com/paper-pdf/38386240/citation-report.pdf>

**Version:** 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
