

CITATION REPORT

List of articles citing

The new biology of aldosterone

DOI: 10.1677/joe.1.06017

Journal of Endocrinology, 2005, 186, 1-20.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
274	Diastolic heart failure in the elderly and the potential role of aldosterone antagonists. 2006 , 23, 299-308		16
273	Predominance of interaction among wild-type alleles of CYP11B2 in Himalayan natives associates with high-altitude adaptation. 2006 , 348, 735-40		23
272	Rapid non-genomic vasoconstrictor actions of aldosterone in the renal microcirculation. <i>Journal of Steroid Biochemistry and Molecular Biology</i> , 2006 , 102, 170-4	5.1	5
271	In vitro culture on Matrigel favors the long-term maintenance of rat zona glomerulosa-cell differentiated phenotype. 2006 , 17, 1101		0
