

CITATION REPORT

List of articles citing

An excess of widespread pain among South Asians: are low levels of vitamin D implicated?

DOI: 10.1136/ard.2004.032656

Annals of the Rheumatic Diseases, 2005, 64, 1217-9.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
