

CITATION REPORT

List of articles citing

**EEG and seizures in autistic children and adolescents:
further findings with therapeutic implications**

DOI: 10.1177/155005940503600105

Clinical EEG and Neuroscience, 2005, 36, 15-20.

Source: <https://exaly.com/paper-pdf/39006162/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
