

CITATION REPORT

List of articles citing

Efficacy of low and high dose inhaled corticosteroid in smokers versus non-smokers with mild asthma

DOI: 10.1136/thx.2004.033688
Thorax, 2005, 60, 282-7.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
