1999	Attitudes and barriers to evidence-based guidelines among UK occupational physicians. 2009 , 59, 586-92	11
1998	Communication-based influence components model. 2009 ,	8
1997	Identifying and applying psychological theory to setting and achieving rehabilitation goals. 2009 , 23, 321-33	75
1996	Improving uptake of cardiac rehabilitation: using theoretical modelling to design an intervention. 2009 , 8, 161-8	13
1995	A qualitative application of the diffusion of innovations theory to examine determinants of guideline adherence among physical therapists. 2009 , 89, 221-32	41
1994	Research priorities for non-pharmacological therapies for common musculoskeletal problems: nationally and internationally agreed recommendations. 2009 , 10, 3	92

1993	Using psychological theory to understand the clinical management of type 2 diabetes in Primary Care: a comparison across two European countries. 2009 , 9, 140	13
1992	Pilot evaluation of a French interdisciplinary supportive care department. 2009 , 17, 1507-16	4
1991	Improving the delivery of care for patients with diabetes through understanding optimised team work and organisation in primary care. 2009 , 4, 22	15
1990	Development of a theory of implementation and integration: Normalization Process Theory. 2009 , 4, 29	618
1989	Documenting the experiences of health workers expected to implement guidelines during an intervention study in Kenyan hospitals. 2009 , 4, 44	43
1988	Implementation experience during an eighteen month intervention to improve paediatric and newborn care in Kenyan district hospitals. 2009 , 4, 45	31
1987	Using theories of behaviour to understand transfusion prescribing in three clinical contexts in two countries: development work for an implementation trial. 2009 , 4, 70	44
1986	Registered nurses' application of evidence-based practice: a national survey. 2009 , 15, 1159-63	40
1985	Evidence-based selection of theories for designing behaviour change interventions: using methods based on theoretical construct domains to understand clinicians' blood transfusion behaviour. 2009 , 14, 625-46	155
1984	Implementation of the Australian HPV vaccination program for adult women: qualitative key informant interviews. 2009 , 27, 5505-12	20
1983	A theory-based cross-sectional survey demonstrated the important role of awareness in guideline implementation. 2009 , 62, 167-176.e1	24
1982	Steps in the design, development and formative evaluation of obesity prevention-related behavior change trials. 2009 , 6, 6	105
1981	How to Influence Clinicians' use of Blood ¶Improving the Transfusion Practice in Hospitals?. 522-529	1
1980	Experimental pretesting of hand-washing interventions in a natural setting. 2009 , 99 Suppl 2, S405-11	118
1979	Using evidence, rigorous measurement, and collaboration to eliminate central catheter-associated bloodstream infections. 2010 , 38, S292-8	71
1978	Do doctors, nurses and managers have different thinking styles?. 2010 , 34, 375-80	4
1977	Does colonoscopy work?. 2010 , 8, 67-76; quiz 77	42
1976	National survey of general practitioners' experience of delivering the National Human Papillomavirus Vaccination Program. 2010 , 7, 291-8	19

1975	Classifying health-related behaviours: exploring similarities and differences amongst behaviours. 2010 , 15, 347-66	32
1974	Low back pain and physiotherapy use of red flags: the evidence from Scotland. 2010 , 96, 282-8	26
1973	Assessing the effectiveness and cost effectiveness of adaptive e-Learning to improve dietary behaviour: protocol for a systematic review. 2010 , 10, 200	5
1972	Improving the uptake of preconception care and periconceptional folate supplementation: what do women think?. 2010 , 10, 786	49
1971	IMPACT Back study protocol. Implementation of subgrouping for targeted treatment systems for low back pain patients in primary care: a prospective population-based sequential comparison. 2010 , 11, 186	19
1970	Delivering an evidence-based outdoor journey intervention to people with stroke: barriers and enablers experienced by community rehabilitation teams. 2010 , 10, 18	26
1969	The contribution of advisory committees and public involvement to large studies: case study. 2010 , 10, 323	24
1968	Developing a computer delivered, theory based intervention for guideline implementation in general practice. 2010 , 11, 90	47
1967	A study of the perceived risks, benefits and barriers to the use of SDD in adult critical care units (the SuDDICU study). 2010 , 11, 117	19
1966	What work has to be done to implement collaborative care for depression? Process evaluation of a trial utilizing the Normalization Process Model. 2010 , 5, 15	44
1965	Applying psychological theories to evidence-based clinical practice: identifying factors predictive of placing preventive fissure sealants. 2010 , 5, 25	40
1964	Healthcare professionals' intentions to use clinical guidelines: a survey using the theory of planned behaviour. 2010 , 5, 51	69
1963	The translation research in a dental setting (TRiaDS) programme protocol. 2010 , 5, 57	23
1962	Embedding effective depression care: using theory for primary care organisational and systems change. 2010 , 5, 62	59
1961	Using the theory of planned behaviour as a process evaluation tool in randomised trials of knowledge translation strategies: A case study from UK primary care. 2010 , 5, 71	37
1960	Improving the care for people with acute low-back pain by allied health professionals (the ALIGN trial): A cluster randomised trial protocol. 2010 , 5, 86	35
1959	Feedback GAP: study protocol for a cluster-randomized trial of goal setting and action plans to increase the effectiveness of audit and feedback interventions in primary care. 2010 , 5, 98	22
1958	Attitudes towards oral health among parents of 6-year-old children at risk of developing caries. 2010 , 38, 507-20	21

1957	The importance of making explicit links between theoretical constructs and behaviour change techniques. 2010 , 105, 1897-8	70
1956	Providing nicotine dependence treatment to psychiatric inpatients: the views of Australian nurse managers. 2010 , 17, 319-27	32
1955	Improving implementation of evidence-based prevention in primary care. 2010 , 193, 101-2	13
1954	Innoversity in knowledge-for-action and adaptation to climate change: the first steps of an 'evidence-based climatic health' transfrontier training program. 2010 , 1, 89-105	4
1953	Promoting physical health in youth mental health services: ensuring routine monitoring of weight and metabolic indices in a first episode psychosis clinic. 2010 , 18, 451-5	28
1952	Human factors in the management of the critically ill patient. 2010 , 105, 26-33	45
1951	Educational implementation programme of guidelines on cardiovascular risk factors: an analysis of changes in familiarity, use and attitudes. 2010 , 11, 241-249	4
1950	Impact of an Assay That Enables Rapid Determination of Staphylococcus Species and Their Drug Susceptibility on the Treatment of Patients with Positive Blood Culture Results. 2010 , 31, 1043-1048	8
1949	The impact of videorecording on the quality of colonoscopy performance: a pilot study. 2010 , 105, 2312-7	67
1948	Conceptual overview of frameworks for measuring quality in rehabilitation. 2010 , 17, 239-51	20
1947	Efficacy and effectiveness of colonoscopy: how do we bridge the gap?. 2010 , 20, 673-84	28
1946	Psychosocial determinants of fruit and vegetable intake in adult population: a systematic review. 2010 , 7, 12	177
1945	Des recommandations à la pratique quotidienne en rythmologie. 2010 , 2, 161-166	
1944	A thematic analysis of theoretical models for translational science in nursing: mapping the field. 2010 , 58, 287-300	79
1943	Prospective prediction of health-related behaviours with the Theory of Planned Behaviour: a meta-analysis. 2011 , 5, 97-144	1218
1942	Developing and evaluating interventions to reduce inappropriate prescribing by general practitioners of antibiotics for upper respiratory tract infections: a randomised controlled trial to compare paper-based and web-based modelling experiments. 2011 , 6, 16	10
1941	The potential of communities of practice to promote evidence-informed practice within nursing homes. 2011 , 12, 169-73	8
1940	Opening the black box: a study of the process of NICE guidelines implementation. 2011 , 102, 117-25	17

1939	Implementation of mandatory immunisation of healthcare workers: observations from New South Wales, Australia. 2011 , 29, 2895-901	21
1938	Testing two stage assessments in a Chinese college student sample: Correspondences and discontinuity patterns across stages. 2011 , 12, 306-313	14
1937	Efficacy of a web-based intervention to improve and sustain knowledge and screening for amblyopia in primary care settings. 2011 , 52, 7160-7	8
1936	Why are some evidence-based care recommendations in chronic obstructive pulmonary disease better implemented than others? Perspectives of medical practitioners. 2011 , 6, 659-67	42
1935	Development of a theory-based intervention to increase prescription of inspiratory muscle training by health professionals in the management of people with chronic obstructive pulmonary disease. 2011 , 63, 315-23	3
1934	Indicators facilitating research-based practice in allied health profession departments. 2011 , 18, 71-78	3
1933	The relationship between health professionals' weight status and attitudes towards weight management: a systematic review. 2011 , 12, e324-37	31
1932	Creation and validation of the evidence-based practice confidence scale for health care professionals. 2011 , 17, 794-800	37
1931	Validation of scales measuring self-efficacy and outcome expectancy in evidence-based practice. 2011 , 8, 106-15	34
1930	Dentists' attitudes toward discussing Internet health information with their patients--does professional self-efficacy matter?. 2011 , 71, 102-5	1
1929	Translation of falls prevention knowledge into action in hospitals: what should be translated and how should it be done?. 2011 , 42, 431-42	19
1928	Effect of a cardiovascular prevention program on health behavior and BMI in highly educated adults: a randomized controlled trial. 2011 , 85, 122-6	16
1927	Outcomes for implementation research: conceptual distinctions, measurement challenges, and research agenda. 2011 , 38, 65-76	2420
1926	Participation in physical play and leisure: developing a theory- and evidence-based intervention for children with motor impairments. 2011 , 11, 100	22
1925	Sicily statement on classification and development of evidence-based practice learning assessment tools. 2011 , 11, 78	122
1924	Study protocol: ICONS: identifying continence options after stroke: a randomised trial. 2011 , 12, 131	12
1923	Explaining the effects of a multifaceted intervention to improve inpatient care in rural Kenyan hospitals--interpretation based on retrospective examination of data from participant observation, quantitative and qualitative studies. 2011 , 6, 124	48
1922	Enhancing implementation of tobacco use prevention and cessation counselling guideline among dental providers: a cluster randomised controlled trial. 2011 , 6, 13	24

1921	A hospital-site controlled intervention using audit and feedback to implement guidelines concerning inappropriate treatment of catheter-associated asymptomatic bacteriuria. 2011 , 6, 41	21
1920	The behaviour change wheel: a new method for characterising and designing behaviour change interventions. 2011 , 6, 42	4113
1919	Assessing implementation difficulties in tobacco use prevention and cessation counselling among dental providers. 2011 , 6, 50	40
1918	Instrument development, data collection, and characteristics of practices, staff, and measures in the Improving Quality of Care in Diabetes (iQuaD) Study. 2011 , 6, 61	28
1917	Measuring organizational readiness for knowledge translation in chronic care. 2011 , 6, 72	33
1916	Knowledge translation research: the science of moving research into policy and practice. 2011 , 31, 174-80	62
1915	The Program Assessment Guide: an approach for structuring contextual knowledge and experience to improve the design, delivery, and effectiveness of nutrition interventions. 2011 , 141, 2084-91	14
1914	An assessment of workplace programmes designed to control inhalation risks using respiratory protective equipment. 2012 , 56, 350-61	6
1913	Review of preventative behavioural interventions for dermal and respiratory hazards. 2011 , 61, 311-20	10
1912	On taming horses and strengthening riders: Recent developments in research on interventions to improve self-control in health behaviors. 2011 , 10, 336-351	164
1911	Rethinking health: ICT-enabled services to empower people to manage their health. 2011 , 4, 119-39	64
1910	Does the use of a theoretical approach tell us more about hand hygiene behaviour? The barriers and levers to hand hygiene. 2011 , 12, 17-24	84
1909	Statistical synthesis of contextual knowledge to increase the effectiveness of theory-based behaviour change interventions. 2011 , 16, 167-71	5
1908	Uptake of best arthritis practice in primary care--no quick fixes. 2011 , 38, 791-3	3
1907	The role of theory in research to develop and evaluate the implementation of patient safety practices. 2011 , 20, 453-9	84
1906	Health Promotion. 2011 , 83-111	8
1905	L'amélioration de la valeur dans les services de santé 2011 ,	3
1904	A multifaceted intervention to implement guidelines and improve admission paediatric care in Kenyan district hospitals: a cluster randomised trial. 2011 , 8, e1001018	104

1903	Causal chain mapping: a novel method to analyse treatment compliance decisions relating to lymphatic filariasis elimination in Alor, Indonesia. 2012 , 27, 384-95	9
1902	Social organization of self-management support of persons with diabetes: a health systems comparison. 2012 , 30, 189-94	3
1901	Beliefs of stop smoking practitioners in United Kingdom on the use of nicotine replacement therapy for smoking reduction. 2012 , 14, 639-47	12
1900	Evaluation of Face-to-Face Courses in Behavioural Support for Stop Smoking Practitioners. 2012 , 7, 25-30	9
1899	Implementation and spread of interventions into the multilevel context of routine practice and policy: implications for the cancer care continuum. 2012 , 2012, 86-99	44
1898	Implementing evidence-based guidelines for managing depression in elderly patients: a Norwegian perspective. 2012 , 21, 237-40	7
1897	Behaviour change among overweight and socially disadvantaged adults: a longitudinal study of the NHS Health Trainer Service. 2012 , 27, 1178-93	17
1896	Barriers and enablers to implementation of family-based work in alcohol services: A qualitative study of alcohol worker perceptions. 2012 , 19, 244-252	14
1895	Preparing medical students to facilitate lifestyle changes with obese patients: a systematic review of the literature. 2012 , 87, 912-23	23
1894	Behavioural interventions for promoting respiratory protection use in workers. 2012 ,	5
1893	Automated telephone communication systems for preventive healthcare and management of long-term conditions. 2012 ,	6
1892	Abstracts of the Royal Pharmaceutical Society (RPS) Annual Conference 2012, 9-10 September 2012, Birmingham, UK. 2012 , 20, 12-16	1
1891	Abstracts of the Royal Pharmaceutical Society (RPS) Annual Conference 2012, 9-10 September 2012, Birmingham, UK. 2012 , 20, 16-21	
1890	A theory-based intervention to reduce alcohol drinking in excess of guideline limits among undergraduate students. 2012 , 17, 18-43	85
1889	Optimisation of infection prevention and control in acute health care by use of behaviour change: a systematic review. 2012 , 12, 318-29	67
1888	Nursing students' intentions to use research as a predictor of use one year post graduation: a prospective study. 2012 , 49, 1155-64	28
1887	Changing micronutrient intake through (voluntary) behaviour change. The case of folate. 2012 , 58, 1014-22	14
1886	The need to promote behaviour change at the cultural level: one factor explaining the limited impact of the MEMA kwa Vijana adolescent sexual health intervention in rural Tanzania. A process evaluation. 2012 , 12, 788	31

1885	Applying the theory of planned behaviour to multiple sclerosis patients' decisions on disease modifying therapy--questionnaire concept and validation. 2012 , 12, 60	16
1884	Specifying content and mechanisms of change in interventions to change professionals' practice: an illustration from the Good Goals study in occupational therapy. 2012 , 7, 100	19
1883	Building theories of knowledge translation interventions: use the entire menu of constructs. 2012 , 7, 114	62
1882	Theories of behaviour change synthesised into a set of theoretical groupings: introducing a thematic series on the theoretical domains framework. 2012 , 7, 35	246
1881	What helps and hinders midwives in engaging with pregnant women about stopping smoking? A cross-sectional survey of perceived implementation difficulties among midwives in the North East of England. 2012 , 7, 36	72
1880	Validation of the theoretical domains framework for use in behaviour change and implementation research. 2012 , 7, 37	1780
1879	Developing theory-informed behaviour change interventions to implement evidence into practice: a systematic approach using the Theoretical Domains Framework. 2012 , 7, 38	689
1878	Nurses' research utilization two years after graduation--a national survey of associated individual, organizational, and educational factors. 2012 , 7, 46	19
1877	Anesthesiologists' and surgeons' perceptions about routine pre-operative testing in low-risk patients: application of the Theoretical Domains Framework (TDF) to identify factors that influence physicians' decisions to order pre-operative tests. 2012 , 7, 52	108

- 44 Supporting Children's Communication of Choices During Inpatient Rehabilitation: Effects of a Mobile Training for Health Care Providers. **2023**, 32, 545-564 ○
- 43 Accompany Caregivers to Optimize Learning With People Living With a Major Neurocognitive Disorder: a Qualitative Study. ○
- 42 Prevalence and global trends of polypharmacy in patients with chronic kidney disease: A systematic review and meta-analysis. 14, ○
- 41 The barriers and facilitators to hand hygiene practices in Nigeria: A qualitative study. **2023**, 51, 295-303 ○
- 40 Understanding how primary care practitioners can be supported to recognise, screen and initially diagnose oropharyngeal dysphagia: protocol for a behavioural science realist review. **2023**, 13, e065121 ○
- 39 Changing Hearts and Minds in the Equestrian World One Behaviour at a Time. **2023**, 13, 748 ○
- 38 Perceived guideline clarity impacts guideline-concordant care for breast cancer screening in women age 40-49. **2023**, 23, ○
- 37 Development and Validation of the Knowledge, Attitude, and Practice Questionnaire for Community Pharmacy Personnel in Tuberculosis Case Detection, Drug Monitoring, and Education. ○
- 36 Individual and Contextual Factors Associated with Classroom Teachers' Intentions to Implement Classroom Physical Activity. **2023**, 20, 3646 ○
- 35 A Systematic Review Exploring the Effectiveness of Mindfulness for Sexual Functioning in Women with Cancer. **2023**, 5, 194-208 ○
- 34 Design Principles in mHealth Interventions for Sustainable Health Behavior Changes: Protocol for a Systematic Review (Preprint). ○
- 33 Identifying barriers and facilitators to deprescribing benzodiazepines and sedative hypnotics in the hospital setting using the Theoretical Domains Framework and the Capability, Opportunity, Motivation and Behaviour (COM-B) Model: a qualitative study. **2023**, 13, e066234 ○
- 32 Design Principles in mHealth Interventions for Sustainable Health Behavior Changes: Protocol for a Systematic Review. 12, e39093 ○

- 31 Child Adult Relationship Enhancement in Primary Care (PriCARE): study design/protocol for a randomized trial of a primary care-based group parenting intervention to prevent child maltreatment. **2023**, 24, ○
- 30 Enhancing the appropriateness of eyecare delivery: the iCaretrack approach. 1-11 ○
- 29 Exploring barriers and enablers to the delivery of Making Every Contact Count brief behavioural interventions in Ireland: A cross-sectional survey study. ○
- 28 Preventing Surgical Site Infections: Are Safety Climate Level and Its Strength Associated With Self-reported Commitment To, Subjective Norms Toward, and Knowledge About Preventive Measures?. Publish Ahead of Print, ○
- 27 Midwives and service users' perspectives on implementing a dialogue about alcohol use in antenatal care: A qualitative study. ○
- 26 Development of the Cardiovascular Assessment Screening Program (CASP) using the qualitative findings of a mixed methods study and applying the TDF to address the barriers of and facilitators to comprehensive screening for cardiovascular disease. **2023**, 24, ○
- 25 Implementation of offering choice of pulmonary rehabilitation location to people with COPD: a protocol for the process evaluation of a cluster randomised controlled trial. **2023**, 24, ○
- 24 A Community Paramedic Clinic at a Day Center for Adults Experiencing Homelessness. **2023**, 4, ○
- 23 Factors influencing health professionals' use of high-flow nasal cannula therapy for infants with bronchiolitis [A qualitative study. 11, ○
- 22 Using behavioral theory to adapt advance care planning for homeless-experienced older adults in permanent supportive housing. ○
- 21 Factors perceived by health professionals to be barriers or facilitators to caries prevention in children: a systematic review. ○
- 20 Evaluating Change in a Degraded Healthcare System: A Cross-Sectional Study of Implementation Outcomes using Routine Data Indicators and Proxies.. ○
- 19 Co-creation and decision-making with students about teaching and learning: a systematic literature review. ○
- 18 Gamification of medication adherence: A platform for testing behaviour change interventions (Preprint). ○
- 17 Systematic Review of the Effectiveness of Allied Health Clinical Education Programs. **2023**, Publish Ahead of Print, ○
- 16 The co-development of a linguistic and culturally tailored tele-retinopathy screening intervention for immigrants living with diabetes from China and African-Caribbean countries in Ottawa, Canada. **2023**, 23, ○
- 15 Barriers and enablers towards benzodiazepine-receptor agonists deprescribing in nursing homes: A qualitative study of stakeholder groups. **2023**, 9, 100258 ○
- 14 Using intervention mapping to develop evidence-based toolkits that provide mental wellbeing support to workers and their managers whilst on long-term sick leave and following return-to-work. ○

- 13 Co-designing interventions to ÷ive well÷experiences and perceptions of the Genetic, Undiagnosed and Rare Disease (GUaRD) community. ○
- 12 Platform-Based Patient-Clinician Digital Health Interventions for Care Transitions: Protocol for a Scoping Review. 12, e42056 ○
- 11 Platform-Based Patient-Clinician Digital Health Interventions for Care Transitions: Protocol for a Scoping Review (Preprint). ○
- 10 Systematic review of the development and effectiveness of digital health information interventions, compared with usual care, in supporting patient preparation for paediatric hospital care, and the impact on their health outcomes. 3, ○
- 9 Learning needs and perceived barriers and facilitators to end-of-life care: a survey of front-line nurses on acute medical wards. **2023**, 12, e002219 ○
- 8 Perceived barriers and facilitators to health behaviors in European childhood cancer survivors: A qualitative PanCareFollowUp study. ○
- 7 Financial and Demographic Factors Associated with Cooking Self-Efficacy Among College Students from Three Minority Groups. 1-10 ○
- 6 Implementation science for quality improvement in pediatric surgery. **2023**, 32, 151282 ○
- 5 Development and implementation of ÷andshake rounds÷An antibiotic stewardship intervention for hospitalized adult patients with hematologic malignancies. **2023**, 3, ○
- 4 An exploration of context and learning in endurance sports coaching. 5, ○
- 3 Factors influencing pediatric transfusion: A complex decision impacting quality of care. ○
- 2 Exploring the Experiences and Perceptions of Pediatric Therapists who use Functional Electrical Stimulation in their Clinical Practice. 1-21 ○
- 1 Identifying the effective behaviour change techniques in nutrition and physical activity interventions for the treatment of overweight/obesity in post-treatment breast cancer survivors: a systematic review. ○
