Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
558	Frequency of distress and fear of dying during acute coronary syndromes and consequences for adaptation. 2005 , 96, 1512-6		52
557	Altered blood coagulation in patients with posttraumatic stress disorder. 2006 , 68, 598-604		60
556	Telomere shortening and mood disorders: preliminary support for a chronic stress model of accelerated aging. 2006 , 60, 432-5		39 ¹
555	Cynical hostility and carotid atherosclerosis in African American and white women: the Study of Women's Health Across the Nation (SWAN) Heart Study. 2006 , 152, 982.e7-13		37
554	Increases in stimulated secretion of proinflammatory cytokines by blood monocytes following arousal of negative affect: the role of insulin resistance as moderator. 2006 , 20, 331-8		4 ⁰
553	The association between burnout and physical illness in the general population--results from the Finnish Health 2000 Study. <i>Journal of Psychosomatic Research</i> , 2006 , 61, 59-66	4.1	180
552	Depression and the development of coronary heart disease. 53-86		8
551	Personality, Cardiovascular Disease and Public Health. 13-34		1
550	Nonadditive Genetic Effects on Hostility in South Korean Adolescent and Young Adult Twins. 2006 , 9, 637-641		13
549	The effect of a psychosocial intervention and quality of life after acute myocardial infarction: the Enhancing Recovery in Coronary Heart Disease (ENRICH) clinical trial. 2006 , 26, 9-13; quiz 14-5		44
548	Hypertension in older adults and the role of positive emotions. 2006 , 68, 727-33		51
547	Psychosocial, hemostatic, and inflammatory correlates of delayed poststress blood pressure recovery. 2006 , 68, 531-7		52
546	Psychosocial benefits of three formats of a standardized behavioral stress management program. 2006 , 68, 816-23		20
545	Changes in religiousness and spirituality attributed to HIV/AIDS: are there sex and race differences?. 2006 , 21 Suppl 5, S14-20		32
544	Cigarette smoking and incidence of first depressive episode: an 11-year, population-based follow-up study. 2006 , 163, 421-32		188
543	Delayed blood pressure recovery after psychological stress is associated with carotid intima-media thickness: Whitehall psychobiology study. 2006 , 26, 2547-51		44
542	Psychosocial and behavioral predictors of inflammation in middle-aged and older adults: the Chicago health, aging, and social relations study. 2006 , 68, 376-81		239

541	Anger, stress, dysregulation produces wear and tear on the lung. 2006 , 61, 833-4		11
540	Race, race-based discrimination, and health outcomes among African Americans. 2007 , 58, 201-25		555
539	Selling Genes, Selling Gender: Egg Agencies, Sperm Banks, and the Medical Market in Genetic Material. 2007 , 72, 319-340		163
538	Loneliness, social support and cardiovascular reactivity to laboratory stress. 2007 , 10, 37-44		40
537	Subjective social status, objective socioeconomic status, and cardiovascular risk in women. 2007 , 26, 668-74		96
536	Perceived control and negative affect predict expected and experienced acute clinical pain: a structural modeling analysis. 2007 , 23, 35-44		12
535	Hostile personality traits and coronary artery calcification in middle-aged and older married couples: different effects for self-reports versus spouse ratings. 2007 , 69, 441-8		40
534	The enduring impact of social factors on exercise tolerance in men attending cardiac rehabilitation. 2007 , 27, 92-6; quiz 97-8		4
533	Stimulated production of interleukin-8 covaries with psychosocial risk factors for inflammatory disease among middle-aged community volunteers. 2007 , 21, 218-28		39
532	Positive affective style covaries with stimulated IL-6 and IL-10 production in a middle-aged community sample. 2007 , 21, 1033-7		47
531	Respiratory sinus arrhythmia and diseases of aging: obesity, diabetes mellitus, and hypertension. 2007 , 74, 212-23		87
530	Cortisol awakening response is elevated in acute coronary syndrome patients with type-D personality. <i>Journal of Psychosomatic Research</i> , 2007 , 62, 419-25	4.1	117
529	Racial/ethnic differences in cortisol diurnal rhythms in a community sample of adolescents. 2007 , 41, 3-13		194
528	Health outcomes related to early adolescent depression. 2007 , 41, 256-62		221
527	Estimating the number of deaths due to obesity: can the divergent findings be reconciled?. 2007 , 16, 168-76		82
526	Exercise for health and wellness at midlife and beyond: balancing benefits and risks. 2007 , 18, 555-75, xi		5
525	Depression in end-stage renal disease patients: a critical review. 2007 , 14, 328-34		119
524	Psychosocial factors in patients with chronic kidney disease. 2007 , 14, 316-8		7

523	Psychosocial aspects of chronic disease: ESRD as a paradigmatic illness. 2007 , 18, 3042-55	253
522	Social support and chronic kidney disease: an update. 2007 , 14, 335-44	118
521	Psychosocial Factors and Coronary Heart Disease: The Role of Psychoneuroimmunological Processes. 2007 , 945-974	6
520	Interpersonal Perspectives on Black-White Health Disparities: Social Policy Implications. 2007 , 1, 63-98	23
519	Living alone is a risk factor for mortality in men but not women from the general population: a prospective cohort study. 2007 , 7, 335	45
518	Redesigning electronic health record systems to support public health. 2007 , 40, 398-409	101
517	Healthy aging: can clinical trials deliver?. 2007 , 1114, 137-43	
516	Are psychological characteristics related to risk of the metabolic syndrome? A review of the literature. 2007 , 34, 240-52	141
515	Inflammation a possible link between economical stress and coronary heart disease. 2008 , 23, 95-103	28
514	Neighborhoods and cardiovascular risk: Beyond individual-level risk factors. 2008 , 2, 175-180	20
513	Perceived psychosocial stress and cardiovascular risk: observations among the Bhutias of Sikkim, India. 2008 , 24, 23-34	9
512	Psychosocial Correlates of Cardiovascular Reactivity to Anticipation of an Exercise Stress Test Prior to Attending Cardiac Rehabilitation: A Preliminary Test1. 2008 , 13, 20-41	5
511	Hostility is related to clusters of T-cell cytokines and chemokines in healthy men. <i>Psychoneuroendocrinology</i> , 2008 , 33, 1041-50	5 35
510	Anxiety In Health Behaviors And Physical Illness. 2008 ,	
509	Isolation rearing impairs wound healing and is associated with increased locomotion and decreased immediate early gene expression in the medial prefrontal cortex of juvenile rats. 2008 , 151, 589-603	23
508	Cardiovascular activity during laboratory tasks in women with high and low worry. 2008 , 79, 287-93	34
507	Antagonistic characteristics are positively associated with inflammatory markers independently of trait negative emotionality. 2008 , 22, 753-61	98
506	Arterial stiffness and inflammatory response to psychophysiological stress. 2008 , 22, 941-8	37
