

CITATION REPORT

List of articles citing

A large outbreak of *Clostridium difficile*-associated disease with an unexpected proportion of deaths and colectomies at a teaching hospital following increased fluoroquinolone use

DOI: 10.1086/502539

Infection Control and Hospital Epidemiology, 2005, 26, 273-8

Source: <https://exaly.com/paper-pdf/39159834/citation-report.pdf>

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
