

CITATION REPORT

List of articles citing

Risks for all-cause mortality, cardiovascular disease, and diabetes associated with the metabolic syndrome: a summary of the evidence

DOI: 10.2337/diacare.28.7.1769
Diabetes Care, 2005, 28, 1769-78.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
