

Proteomics analysis provides insight into caloric restriction
expression of brain proteins associated with age-related
Mitochondrial dysfunction, glutamate dysregulation and

Neurobiology of Aging

27, 1020-1034

DOI: [10.1016/j.neurobiolaging.2005.05.014](https://doi.org/10.1016/j.neurobiolaging.2005.05.014)

Citation Report
