Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
637	Anxiety and socio-economic status among healthy adults: the ATTICA Study. 2007 , 16, 356-362		1
636	Short-term depressive symptoms and 30-day prognosis of hospitalized patients with Acute Coronary Syndromes; the Greek Study of Acute Coronary Syndromes (GREECS). 2007 , 16, 309-315		
635	Adherence to the Mediterranean food pattern predicts the prevalence of hypertension, hypercholesterolemia, diabetes and obesity, among healthy adults; the accuracy of the MedDietScore. 2007 , 44, 335-40		388
634	The implication of obesity on total antioxidant capacity in apparently healthy men and women: the ATTICA study. <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2007 , 17, 590-7	4.5	126
633	Adherence to a healthful life attenuates lipid parameters among a healthy Italian population. <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2007 , 17, 642-8	4.5	13
632	The emerging anti-inflammatory role of HDL-cholesterol, illustrated in cardiovascular disease free population; the ATTICA study. 2007 , 122, 29-33		41
631	Mediterranean diet and insulin sensitivity, lipid profile and blood pressure levels, in overweight and obese people; the Attica study. 2007 , 6, 22		66
630	Food pattern analysis and prevalence of cardiovascular disease risk factors among elderly people from Mediterranean islands. 2007 , 10, 615-21		20
629	Association Between Low-Grade Systemic Inflammation and Type 2 Diabetes Mellitus Among Men and Women from the ATTICA Study. 2007 , 4, 98-104		92
628	Abdominal obesity and inflammation predicts hypertension among prehypertensive men and women: the ATTICA Study. 2008 , 23, 96-103		43
627	Sourdough-leavened bread improves postprandial glucose and insulin plasma levels in subjects with impaired glucose tolerance. 2008 , 45, 91-6		41
626	Effects of black and green tea consumption on blood glucose levels in non-obese elderly men and women from Mediterranean Islands (MEDIS epidemiological study). 2008 , 47, 10-6		46
625	The effect of clinical characteristics and dietary habits on the relationship between education status and 5-year incidence of cardiovascular disease: the ATTICA study. 2008 , 47, 258-65		16
624	Prevalence of risk factors for cardiovascular disease by socio-economic status among the elderly from Mediterranean islands: the MEDIS study. 2008 , 3, 153-162		2
623	Abdominal obesity, blood glucose and apolipoprotein B levels are the best predictors of the incidence of hypercholesterolemia (2001-2006) among healthy adults: the ATTICA study. 2008 , 7, 11		17
622	Five-year incidence of cardiovascular disease and its predictors in Greece: the ATTICA study. 2008 , 13, 113-21		45
621	Effect of solvent and extraction temperatures on the antioxidant potential of traditional stoned table olives <i>Elcaparras</i> . 2008 , 41, 739-745		54

620	Adherence to Mediterranean diet and anthropometric and metabolic parameters in an observational study in the 'Alto Molise' region: the MOLI-SAL project. <i>Nutrition, Metabolism and Cardiovascular Diseases</i> , 2008 , 18, 415-21	4.5	37
619	Dietary virgin olive oil protects against lipid peroxidation and improves antioxidant status in the liver of rats chronically exposed to ethanol. 2008 , 28, 472-9		37
618	Healthy indexes in public health practice and research: a review. 2008 , 48, 317-27		113
617	Mediterranean diet and plasma concentration of inflammatory markers in old and very old subjects in the ZINCAGE population study. 2008 , 46, 990-6		31
616	Risk stratification of apolipoprotein B, apolipoprotein A1, and apolipoprotein B/AI ratio on the prevalence of the metabolic syndrome: the ATTICA study. 2008 , 59, 335-41		18
615	Dietary habits mediate the relationship between socio-economic status and CVD factors among healthy adults: the ATTICA study. 2008 , 11, 1342-9		31
614	Role of glycemic index and glycemic load in the healthy state, in prediabetes, and in diabetes. 2008 , 87, 269S-274S		157
613	Five-year incidence of type 2 diabetes mellitus among cardiovascular disease-free Greek adults: findings from the ATTICA study. 2008 , 4, 691-8		20
