

CITATION REPORT

List of articles citing

Genetic variability in the precore and core promoter regions of hepatitis B virus strains in Karachi

DOI: 10.1186/1471-230x-6-20
BMC Gastroenterology, 2006, 6, 20.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
29	The association of complex liver disorders with HBV genotypes prevalent in Pakistan. <i>Virology Journal</i> , 2007 , 4, 128	6.1	19
28	Molecular characterization of hepatitis B virus (HBV) isolates, including identification of a novel recombinant, in patients with acute HBV infection attending an Irish hospital. <i>Journal of Medical Virology</i> , 2008 , 80, 1554-64	19.7	22
27	Molecular epidemiology of hepatitis B virus in Iran. <i>Clinical Microbiology and Infection</i> , 2008 , 14, 858-66	9.5	48
26	Hepatitis B virus subgenotypes D1 and D3 are prevalent in Pakistan. <i>BMC Research Notes</i> , 2009 , 2, 1	2.3	48
25	Hepatitis B virus genotypes, subgenotypes, precore, and basal core promoter mutations in the two largest provinces of Pakistan. <i>Journal of Gastroenterology and Hepatology (Australia)</i> , 2009 , 24, 569-73	4	14
24	Prevalent HBV point mutations and mutation combinations at BCP/preC region and their association with liver disease progression. <i>BMC Infectious Diseases</i> , 2010 , 10, 271	4	27
23	Geographical and genetic diversity of the human hepatitis B virus. <i>Hepatology Research</i> , 2010 , 40, 14-30	5.1	150
22	Hepatitis B virus in Pakistan: a systematic review of prevalence, risk factors, awareness status and genotypes. <i>Virology Journal</i> , 2011 , 8, 102	6.1	63
21	An overview of treatment response rates to various anti-viral drugs in Pakistani hepatitis B virus infected patients. <i>Virology Journal</i> , 2011 , 8, 20	6.1	3
