

CITATION REPORT

List of articles citing

Lifestyle as a predictor for colonic neoplasia in asymptomatic individuals

DOI: 10.1186/1471-230x-6-5

BMC Gastroenterology, 2006, 6, 5.

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
69	Obstructive sleep apnea and sedation in the endoscopy suite. <i>Gastroenterology Nursing</i> , 2006 , 29, 456-63; quiz 464-5	1	9
68	Physical activity and risk of colon and rectal cancers: the European prospective investigation into cancer and nutrition. <i>Cancer Epidemiology Biomarkers and Prevention</i> , 2006 , 15, 2398-407	4	167
67	Body mass index: a marker for significant colorectal neoplasia in a screening population. <i>Journal of Clinical Gastroenterology</i> , 2007 , 41, 285-90	3	52
66	Obesity and the risk of colon polyps. <i>Journal of Clinical Gastroenterology</i> , 2007 , 41, 229-30	3	4
65	Physical activity and cancer control. <i>Seminars in Oncology Nursing</i> , 2007 , 23, 242-52	3.7	146
64	Physical activity before and after diagnosis of colorectal cancer: disease risk, clinical outcomes, response pathways and biomarkers. <i>Sports Medicine</i> , 2007 , 37, 947-60	10.6	33
63	Association between body size and colorectal adenoma recurrence. <i>Clinical Gastroenterology and Hepatology</i> , 2007 , 5, 982-90	6.9	63
62	Impact of colorectal cancer screening on future lifestyle choices: a three-year randomized controlled trial. <i>Clinical Gastroenterology and Hepatology</i> , 2007 , 5, 477-83	6.9	49
61	Colorectal cancer therapeutics and the challenges of applied pharmacogenomics. <i>Current Problems in Cancer</i> , 2007 , 31, 315-66	2.3	2
