Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
322	References. **2001**, 173-216		
321	An evolutionary history of human disease. **2001**, 9-22		
320	Depression and stress. **2001**, 136-152		
319	Preface. **2001**, xi-xii		
318	Introduction. **2001**, 1-8		
317	Obesity, type 2 diabetes and cardiovascular disease. **2001**, 23-49		
316	The thrifty genotype versus thrifty phenotype debate: efforts to explain between population variation in rates of type 2 diabetes and cardiovascular disease. **2001**, 50-74		1
315	Reproductive cancers. **2001**, 75-98		
314	Reproductive function, breastfeeding and the menopause. **2001**, 99-119		
313	Asthma and allergic disease. **2001**, 120-135		
312	Conclusion. **2001**, 153-172		
311	Breast cancer in limited-resource countries: treatment and allocation of resources. *Breast Journal*, **2006**, 12 Suppl 1, S38-53	1.2	58
310	Breast cancer in limited-resource countries: health care systems and public policy. *Breast Journal*, **2006**, 12 Suppl 1, S54-69	1.2	106
309	Radiotherapy for breast cancer in countries with limited resources: program implementation and evidence-based recommendations. *Breast Journal*, **2006**, 12 Suppl 1, S96-102	1.2	20
308	Breast conservation without mammography? Oncology practice in the real world of limited resource countries. **2006**, 15, 575-9		3
307	Breast cancer in resource-limited countries. **2006**, 2, 797-800		1
306	Time trends of breast cancer mortality in Spain during the period 1977-2001 and Bayesian approach for projections during 2002-2016. **2006**, 17, 1783-91		27

305	The Breast Health Global Initiative: clinical practice guidelines for management of breast cancer in low- and middle-income countries. **2007**, 7, 1095-104	23
304	Current trends and controversies over pre-operative chemotherapy for women with operable breast cancer. **2007**, 37, 1-8	15
303	The growing incidence of cancer: role of lifestyle and screening detection (Review). **2007**, 30, 1037-49	24
302	Effects of leptin on human breast cancer cell lines in relationship to estrogen receptor and HER2 status. **2007**,	9
301	Should Resource Constraints Guide Global Guidelines?. **2007**, 5, 745-746	
300	The cancer incidence temporality index: an index to show temporal changes in the age of onset of overall and specific cancer (England and Wales, 1971-1999). **2007**, 61, 623-30	4
299	Lifestyle-related factors and environmental agents causing cancer: an overview. **2007**, 61, 640-58	195
298	The Breast Health Global Initiative: A Framework for Improving Breast Health Care in Limited-Resource Countries. **2007**, 17, 314-317	
297	Gold-Based Nanoparticles for Breast Cancer Diagnosis and Treatment. **2007**,	2
296	Guidelines for improving breast health care in limited resource countries: the Breast Health Global Initiative. **2007**, 5, 349-56	10
295	Chemoprevention of rat mammary carcinogenesis by black tea polyphenols: modulation of xenobiotic-metabolizing enzymes, oxidative stress, cell proliferation, apoptosis, and angiogenesis. **2007**, 46, 797-806	34
