

CITATION REPORT

List of articles citing

Bioavailability of selenium from foods

DOI: 10.1111/j.1753-4887.2006.tb00198.x
Nutrition Reviews, 2006, 64, 146-51.

Source: <https://exaly.com/paper-pdf/40368597/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
149	Serum selenium and diabetes in U.S. adults. 2007 , 30, 829-34		279
148	Human Health Risks of Selenium-Contaminated Fish: A Case Study for Risk Assessment of Essential Elements. 2007 , 13, 1192-1213		9
147	Ultratrace determination of inorganic selenium without signal calibration. 2007 , 79, 4558-63		7
146	Effect of inorganic and organic forms of selenium supplementation on development of larval <i>Heliothis virescens</i> . 2007 , 125, 171-178		12
145	Effect of sodium selenosulfate on restoring activities of selenium-dependent enzymes and selenium retention compared with sodium selenite in vitro and in vivo. <i>Biological Trace Element Research</i> , 2007 , 117, 77-88	4.5	18
144	Selenium as an anticancer nutrient: roles in cell proliferation and tumor cell invasion. 2008 , 19, 1-7		313
143	A selenium-deficient Caco-2 cell model for assessing differential incorporation of chemical or food selenium into glutathione peroxidase. <i>Biological Trace Element Research</i> , 2008 , 123, 98-108	4.5	20
142	Selenium interactions with essential and toxic elements in egg yolk from commercial and fortified eggs. <i>Journal of Trace Elements in Medicine and Biology</i> , 2008 , 22, 234-41	4.1	15
141	Influence of selenised dairy proteins on biomarkers of colon cancer risk. 2008 , 65, S33-S36		2
140	Selenium in food and the human body: a review. 2008 , 400, 115-41		553
139	Trace Minerals. 2008 , 663-693		8
138	DNA damage associated with PCBs in the whole blood cells of Inuit. 2008 , 25, 273-6		10
137	Effects of selenium supplementation as sodium selenite or selenized yeast and different amounts of vitamin E on selenium and vitamin E status of broilers. 2008 , 58, 369-380		10
136	Serum selenium and serum lipids in US adults. 2008 , 88, 416-23		105
135	Both inorganic and organic selenium supplements can decrease brain monoamine oxidase B enzyme activity in adult rats. 2008 , 100, 660-5		17
134	The essential toxin: the changing perception of selenium in environmental sciences. 2009 , 407, 3620-33		268
133	Differential action of methylselenocysteine in control and alloxan-diabetic rabbits. 2009 , 177, 161-71		12

132	Determination of selenium daily intakes in two small groups of the Portuguese population by replicate sample neutron activation analysis. 2009 , 281, 193-196		3
131	Novel approaches for selenium speciation in foodstuffs and biological specimens: a review. 2009 , 634, 135-52		219
130	Selenium: when a good nutrient goes bad. 2009 , 5, 363		
129	The Outcome of Selenium and Vitamin E Cancer Prevention Trial (SELECT) reveals the need for better understanding of selenium biology. 2009 , 9, 18-21		103
128	Selenium as an essential micronutrient: roles in cell cycle and apoptosis. 2009 , 14, 1263-78		122
127	Selenomethionine stimulates expression of glutathione peroxidase 1 and 3 and growth of bovine mammary epithelial cells in primary culture. 2009 , 92, 2670-83		15
126	Éléments-trace essentiels en nutrition humaine : chrome, sélénium, zinc et fer. 2009 , 6, 1-16		
125	Role of selenium-containing proteins in T-cell and macrophage function. 2010 , 69, 300-10		72
124	Dietary habits of Greek adults and serum total selenium concentration: the ATTICA study. 2010 , 49, 465-72		14
123	Serum levels of Cu, Se, and Zn in adult rural/urban residents in Ghana: paradigm shift?. <i>Biological Trace Element Research</i> , 2010 , 137, 139-49	4-5	5
122	Plasma selenium is positively related to performance in neurological tasks assessing coordination and motor speed. 2010 , 25, 1909-15		65
