Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
76	Rètraînement des maladies métaboliques ciblé individuellement par la calorimétrie d'effort. <i>Annales De Réadaptation Et De Médecine Physique: Revue Scientifique De La Société Française De Rééducation Fonctionnelle De Réadaptation Et De Médecine Physique</i> , 2007 , 50, 520-527		9
75	Metabolic training: new paradigms of exercise training for metabolic diseases with exercise calorimetry targeting individuals. <i>Annales De Réadaptation Et De Médecine Physique: Revue Scientifique De La Société Française De Rééducation Fonctionnelle De Réadaptation Et De Médecine Physique</i> , 2007 , 50, 528-34, 520-7		29
74	Central obesity and health-related factors among middle-aged men: a comparison among native Japanese and Japanese-Brazilians residing in Brazil and Japan. <i>Journal of Physiological Anthropology</i> , 2007 , 26, 339-47	2.5	7
