

CITATION REPORT

List of articles citing

Micro-phylogeographic and demographic history of Portuguese male lineages

DOI: 10.1111/j.1529-8817.2005.00221.x

Annals of Human Genetics, 2006, 70, 181-94.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
75	Making the most of Y-STR haplotypes: The HapYDive. <i>International Congress Series</i> , 2006 , 1288, 201-203		1
74	Y-chromosome genetic variation in Rio de Janeiro population. <i>American Journal of Human Biology</i> , 2006 , 18, 829-37	2.7	35
73	Sex-specific genetic admixture of Mestizos, Amerindian Kichwas, and Afro-Ecuadorans from Ecuador. <i>Human Biology</i> , 2007 , 79, 51-77	1.2	42
72	Y chromosome variation in Europe: continental and local processes in the formation of the extant gene pool. <i>Annals of Human Biology</i> , 2007 , 34, 139-72	1.7	17
71	The African contribution to the present-day population of the Azores Islands (Portugal): analysis of the Y chromosome haplogroup E. <i>American Journal of Human Biology</i> , 2007 , 19, 854-60	2.7	5
70	Thomas Jefferson's Y chromosome belongs to a rare European lineage. <i>American Journal of Physical Anthropology</i> , 2007 , 132, 584-9	2.5	18
69	Population data for Y-chromosome haplotypes defined by 17 STRs (AmpFI STR Yfiler) in Portugal. <i>Forensic Science International</i> , 2007 , 171, 250-5	2.6	35
68	Africans in Yorkshire? The deepest-rooting clade of the Y phylogeny within an English genealogy. <i>European Journal of Human Genetics</i> , 2007 , 15, 288-93	5.3	51
67	Dissecting the genetic history of São Tomé and Príncipe: a new window from Y-chromosome biallelic markers. <i>Annals of Human Genetics</i> , 2007 , 71, 77-85	2.2	4
66	Characterizing partial AZFc deletions of the Y chromosome with amplicon-specific sequence markers. <i>BMC Genomics</i> , 2007 , 8, 342	4.5	25
65	Genetic diversity of 10 X chromosome STRs in northern Portugal. <i>International Journal of Legal Medicine</i> , 2007 , 121, 192-7	3.1	48
64	The genetic legacy of religious diversity and intolerance: paternal lineages of Christians, Jews, and Muslims in the Iberian Peninsula. <i>American Journal of Human Genetics</i> , 2008 , 83, 725-36	11	151
63	A perspective on the history of the Iberian gypsies provided by phylogeographic analysis of Y-chromosome lineages. <i>Annals of Human Genetics</i> , 2008 , 72, 215-27	2.2	39
62	Y chromosome microsatellite genetic variation in two Native American populations from Argentina: population stratification and mutation data. <i>Forensic Science International: Genetics</i> , 2008 , 2, 274-80	4.3	28
61	Refining the analysis of Y-chromosomal diversity in Alentejo (Portugal). <i>Forensic Science International: Genetics Supplement Series</i> , 2008 , 1, 208-209	0.5	1
60	Y chromosome SNP analysis in a Portuguese population sample using a multiplex PCR and minisequencing strategy. <i>Forensic Science International: Genetics Supplement Series</i> , 2008 , 1, 190-191	0.5	
59	Y-chromosomal STR haplotypes in a Gypsy population from Portugal. <i>Forensic Science International: Genetics Supplement Series</i> , 2008 , 1, 212-213	0.5	1

58	The C677T polymorphism in MTHFR is not associated with migraine in Portugal. <i>Disease Markers</i> , 2008 , 25, 107-13	3.2	19
57	Genetic signatures of parental contribution in black and white populations in Brazil. <i>Genetics and Molecular Biology</i> , 2009 , 32, 1-11	2	30
56	The Not-so-Dark Ages: ecology for human growth in medieval and early twentieth century Portugal as inferred from skeletal growth profiles. <i>American Journal of Physical Anthropology</i> , 2009 , 138, 136-47	2.5	45
