

CITATION REPORT

List of articles citing

Heterogeneity in the pyramidal network of the medial prefrontal cortex

DOI: 10.1038/nn1670

Nature Neuroscience, 2006, 9, 534-42.

Source: <https://exaly.com/paper-pdf/40435657/citation-report.pdf>

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
387	Interactions among the medial prefrontal cortex, hippocampus and midline thalamus in emotional and cognitive processing in the rat. 2006 , 142, 1-20		594
386	Modulation of isolated N-methyl-d-aspartate receptor response under hyperbaric conditions. <i>European Journal of Neuroscience</i> , 2006 , 24, 3453-62	3.5	15
385	Cortical feed-forward networks for binding different streams of sensory information. <i>Nature Neuroscience</i> , 2006 , 9, 1472-3	25.5	105
384	The morphology of excitatory central synapses: from structure to function. 2006 , 326, 221-37		75
383	Persistent activity in neural networks with dynamic synapses. <i>PLoS Computational Biology</i> , 2007 , 3, e35	5	77
382	Cannabinoid-mediated disinhibition and working memory: dynamical interplay of multiple feedback mechanisms in a continuous attractor model of prefrontal cortex. 2007 , 17 Suppl 1, i16-26		52
381	Sequential structure of neocortical spontaneous activity in vivo. 2007 , 104, 347-52		385
380	Facilitation of extinction learning for contextual fear memory by PEPA: a potentiator of AMPA receptors. 2007 , 27, 158-66		82
379	Functional maps of neocortical local circuitry. 2007 , 1, 19-42		302
378	The intense world syndrome--an alternative hypothesis for autism. 2007 , 1, 77-96		218
377	Monoaminergic Modulation of Cortical Excitability. 2007 ,		2
376	Heterogeneity of phasic cholinergic signaling in neocortical neurons. 2007 , 97, 2215-29		156
375	Irregular persistent activity induced by synaptic excitatory feedback. <i>Frontiers in Computational Neuroscience</i> , 2007 , 1, 5	3.5	32
374	Virtual Neurorobotics (VNR) to Accelerate Development of Plausible Neuromorphic Brain Architectures. 2007 , 1, 1		18
373	Electrophysiological diversity of layer 5 pyramidal cells in the prefrontal cortex of the rhesus monkey: in vitro slice studies. 2007 , 98, 2622-32		36
372	Self-tuning of neural circuits through short-term synaptic plasticity. 2007 , 97, 4079-95		36
371	Synaptic organization and input-specific short-term plasticity in anterior cingulate cortical neurons with intact thalamic inputs. <i>European Journal of Neuroscience</i> , 2007 , 25, 2847-61	3.5	35

12	Reduced variability of bursting activity during working memory. 2022 , 12,		1
11	Neural signature of flexible coding in prefrontal cortex. 2022 , 119,		1

- 10 Correlated somatosensory input in parvalbumin/pyramidal cells in mouse motor cortex. ○
- 9 Simulations of working memory spiking networks driven by short-term plasticity. 16, ○
- 8 A biology-inspired recurrent oscillator network for computations in high-dimensional state space. ○
- 7 Synaptic basis of a sub-second representation of time in a neural circuit model. **2022**, 13, ○
- 6 Associations among body mass index, working memory performance, gray matter volume, and brain activation in healthy children. ○
- 5 Bayesian reconstruction of memories stored in neural networks from their connectivity. **2023**, 19, e1010813 ○
- 4 Mechanical transmission at spine synapses: Short-term potentiation and working memory. **2023**, 80, 102706 ○
- 3 Chlorpromazine, an Inverse Agonist of D1R-Like, Differentially Targets Voltage-Gated Calcium Channel (CaV) Subtypes in mPFC Neurons. **2023**, 60, 2644-2660 1
- 2 Rhythmogenesis in the mean field model of the neuron-glia network. ○
- 1 Determinants of functional synaptic connectivity among amygdala-projecting prefrontal cortical neurons in male mice. **2023**, 14, ○
