Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

24	Study on thermal comfort and energy conservation potential of office buildings in subtropical Taiwan. <i>Building and Environment</i> , 2022 , 208, 108625	6.5	3
23	Occupant-centered real-time control of indoor temperature using deep learning algorithms. <i>Building and Environment</i> , 2021 , 208, 108633	6.5	2
22	A Field Study on Thermal Comfort and Cooling Load Demand Optimization in a Tropical Climate. <i>Sustainability</i> , 2021 , 13, 12425	3.6	1
21	Interaction between Thermal Comfort, Indoor Air Quality and Ventilation Energy Consumption of Educational Buildings: A Comprehensive Review. <i>Buildings</i> , 2021 , 11, 591	3.2	7
20	INFLUENCE OF THE THERMAL AND LIGHTING PERFORMANCE IN CLASSROOMS ON THE COGNITIVE PRODUCTIVITY OF STUDENTS IN COLOMBIA. <i>Journal of Green Building</i> , 2021 , 16, 135-164	1.3	
19	Development and assessment of a knitted shape memory alloy-based multifunctional elbow brace. <i>Journal of Industrial Textiles</i> , 152808372110569	1.6	1

18	Strategy for Improving the Indoor Environment of Office Spaces in Subtropical Cities. <i>Buildings</i> , 2022 , 12, 412	3.2	1
17	Investigation of the effects of face masks on thermal comfort in Guangzhou, China.. <i>Building and Environment</i> , 2022 , 108932	6.5	3
16	Users' Sensations in the Context of Energy Efficiency Maintenance in Public Utility Buildings. <i>Energies</i> , 2021 , 14, 8159	3.1	1
15	User response to indoor thermal environment in female high school buildings in Oman. <i>Building Research and Information</i> , 2022 , 50, 192-212	4.3	
14	Performance investigation of a hybrid ground-assisted desiccant cooling system. <i>Energy Conversion and Management</i> , 2022 , 265, 115765	10.6	0
13	Thermal comfort evaluation in architectural studio classrooms [A summer study in a warm to moderate Indian climate. <i>Indoor and Built Environment</i> , 1420326X2210985	1.8	0
12	Experimental study on the difference in thermal comfort perception between preschool children and their parents. <i>Journal of Building Engineering</i> , 2022 , 104723	5.2	1
11	Quantitative characterization of clothing's cold protective capability to achieve thermal comfort: A systematic review. <i>Building and Environment</i> , 2022 , 219, 109226	6.5	
10	Gender differences in the effects of perceived control on thermal response during summer. 2022 , 356, 03018		0
9	Investigative Study on Adaptive Thermal Comfort in Office Buildings with Evaporative Cooling Systems (ECS) under Dry Hot Climate. 2022 , 12, 1827		1
8	Field investigations on thermal comfort in university classrooms in New South Wales, Australia. 2023 , 9, 63-71		1
7	Building Energy Efficiency in Hot and Humid Climate. 2022 ,		0
6	The Thermal Responses between Young Adults and Preschool Children in a Radiant Floor Heating Environment. 2022 , 12, 2234		0
5	A machine learning led investigation to understand individual difference and the human-environment interactive effect on classroom thermal comfort. 2023 , 236, 110259		0
4	Impact of thermal comfort on online learning performance. 2023 , 236, 110291		0
3	Analysis of temperature preference of guests from various countries/regions during summer and winter in a budget hotel in Kyoto, Japan. 2023 , 232, 110052		0
2	Thermal and luminic comfort assessment in university classrooms in Tijuana, Baja California. Case of study FCITEC, Valle de las Palmas. 2022 , 5, 419-452		0
1	Thermal and luminic comfort assessment in university classrooms in Tijuana, Baja California. Case of study FCITEC, Valle de las Palmas. 2022 , 5, 419-452		0
