

CITATION REPORT

List of articles citing

Mollusk shell formation: a source of new concepts for understanding biomineralization processes

DOI: 10.1002/chem.200500980

Chemistry - A European Journal, 2006, 12, 980-7.

Source: <https://exaly.com/paper-pdf/40831158/citation-report.pdf>

Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
