

CITATION REPORT

List of articles citing

The isoform-specific functions of the c-Jun N-terminal Kinases (JNKs): differences revealed by gene targeting

DOI: 10.1002/bies.20458
BioEssays, 2006, 28, 923-34.

Source: <https://exaly.com/paper-pdf/40838075/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
159	Uses for JNK: the many and varied substrates of the c-Jun N-terminal kinases. 2006 , 70, 1061-95		417
158	MAPKs and their relevance to arthritis and inflammation. 2008 , 47, 409-14		322
157	The role of halogen bonding in inhibitor recognition and binding by protein kinases. 2007 , 7, 1336-48		142
156	c-Jun N-terminal kinases as potential therapeutic targets. 2007 , 11, 1339-53		28
155	Mechanism of cell death caused by complex I defects in a rat dopaminergic cell line. 2007 , 282, 24146-56		66
154	The JNK pathway and neuronal migration. 2007 , 34, 957-65		14
153	Scaffold proteins of MAP-kinase modules. 2007 , 26, 3185-202		223
152	Stimulation of PI 3-kinase signaling via inhibition of the tumor suppressor phosphatase, PTEN. 2007 , 47, 184-94		31
151	Elevation of osteopontin levels in brain tumor cells reduces burden and promotes survival through the inhibition of cell dispersal. 2008 , 86, 285-96		8
150	c-Jun N-terminal kinase 1 is deleterious to the function and survival of murine pancreatic islets. 2008 , 51, 2271-80		23
149	Inhibitors of c-Jun N-terminal kinases: JuNK no more?. 2008 , 1784, 76-93		99
148	The role of mTOR in the adaptation and failure of beta-cells in type 2 diabetes. 2008 , 10 Suppl 4, 157-69		56
147	JNK1-mediated phosphorylation of Bcl-2 regulates starvation-induced autophagy. 2008 , 30, 678-88		1025
146	Requirements for PKC-augmented JNK activation by MKK4/7. 2008 , 40, 1055-64		24
145	c-Jun N-terminal kinase 2 deficiency protects against hypercholesterolemia-induced endothelial dysfunction and oxidative stress. 2008 , 118, 2073-80		76
144	Mitochondrial permeability transition in liver ischemia and reperfusion: role of c-Jun N-terminal kinase 2. 2008 , 85, 1500-4		62
143	Regulation of expression of matrix metalloproteinase-9 by JNK in Raw 264.7 cells: presence of inhibitory factor(s) suppressing MMP-9 induction in serum and conditioned media. 2009 , 41, 259-68		31

142	Mitogen-activated protein kinase signaling is necessary for the maintenance of skeletal muscle mass. 2009 , 296, C1040-8		64
141	Inhibition of basal p38 or JNK activity enhances epithelial barrier function through differential modulation of claudin expression. 2009 , 297, C775-87		55
140	Amyloid-beta-induced occludin down-regulation and increased permeability in human brain endothelial cells is mediated by MAPK activation. 2010 , 14, 1101-12		80
139	JNK1, a potential therapeutic target for hepatocellular carcinoma. 2009 , 1796, 242-51		20
138	beta-Arrestins facilitate ubiquitin-dependent degradation of apoptosis signal-regulating kinase 1 (ASK1) and attenuate H2O2-induced apoptosis. 2009 , 21, 1195-206		38
137	Contrast expression patterns of JNK1 during sex reversal of the rice-field eel. 2010 , 314, 242-56		9
136	Limited role of the c-Jun N-terminal kinase pathway in a neonatal rat model of cerebral hypoxia-ischemia. 2009 , 108, 552-62		24
135	Halogen bonding--a novel interaction for rational drug design?. 2009 , 52, 2854-62		485
134	Amphiregulin induces the alternative splicing of p73 into its oncogenic isoform DeltaEx2p73 in human hepatocellular tumors. 2009 , 137, 1805-15.e1-4		62
133	c-Jun N-terminal kinase/c-Jun inhibits fibroblast proliferation by negatively regulating the levels of stathmin/oncoprotein 18. 2010 , 430, 345-54		19
132	Hypothalamic and pituitary c-Jun N-terminal kinase 1 signaling coordinately regulates glucose metabolism. 2010 , 107, 6028-33		138
131	Control of TrkA-induced cell death by JNK activation and differential expression of TrkA upon DNA damage. 2010 , 30, 121-5		9
130	c-Jun N-terminal kinase (JNK) signaling: recent advances and challenges. 2010 , 1804, 463-75		229
