Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
323	Dietary and physical activity behaviors among adults successful at weight loss maintenance. 2006 , 3, 17		116
322	A self-regulation program for maintenance of weight loss. 2006 , 355, 1563-71		613
321	Changes in risk factors for cardiovascular disease by baseline weight status in young adults who maintain or gain weight over 15 years: the CARDIA study. <i>International Journal of Obesity</i> , 2006 , 30, 1397-407	5.5	119
320	General and abdominal obesity and survival among young women with breast cancer. 2006 , 15, 1871-7		104
319	Effects of weight control during the menopausal transition on bone mineral density. 2007 , 92, 3809-15		27
318	Nine-year changes in cardiovascular disease risk factors with weight maintenance in the atherosclerosis risk in communities cohort. 2007 , 165, 890-900		18
317	Weight regain in U.S. adults who experienced substantial weight loss, 1999-2002. 2007 , 33, 34-40		196
316	Obesity pharmacotherapy from a regulatory perspective: overview and key challenges. 2007 , 81, 756-60		4
315	Who is maintaining weight in a middle-aged population in Sweden? A longitudinal analysis over 10 years. 2007 , 7, 108		25
314	Obesity and vital exhaustion: analysis of the Atherosclerosis Risk in the Communities study. 2008 , 16, 1545-51		16
313	Effect of 3-year weight history on blood pressure: the atherosclerosis risk in communities study. 2008 , 16, 1112-9		12
312	Weight loss maintenance in a population-based sample of German adults. 2008 , 16, 2535-40		26
311	Weight maintenance, behaviors and barriers among previous participants of a university-based weight control program. <i>International Journal of Obesity</i> , 2008 , 32, 519-26	5.5	39
310	A randomized controlled trial to evaluate self-determination theory for exercise adherence and weight control: rationale and intervention description. 2008 , 8, 234		121
309	Eating order: a 13-week trust model class for dieting casualties. 2008 , 40, 43-8		9
308	Effects of exenatide versus insulin analogues on weight change in subjects with type 2 diabetes: a pooled post-hoc analysis. 2008 , 24, 639-44		28
307	Changes in abdominal obesity and age-related macular degeneration: the Atherosclerosis Risk in Communities Study. 2008 , 126, 1554-60		47

306	American College of Sports Medicine Position Stand. Appropriate physical activity intervention strategies for weight loss and prevention of weight regain for adults. 2009 , 41, 459-71	1461
305	Dieting, restraint, and disinhibition predict women's weight change over 6 y. 2009 , 90, 33-40	75
304	Phone and e-mail counselling are effective for weight management in an overweight working population: a randomized controlled trial. 2009 , 9, 6	86
303	Independent effects of physical activity in patients with nonalcoholic fatty liver disease. 2009 , 50, 68-76	216
302	Prevention of excess gain. <i>International Journal of Obesity</i> , 2009 , 33, 1207-10	5.5 2
301	The effect of physical activity on body weight. 2009 , 17 Suppl 3, S34-8	104
300	The future of obesity reduction: beyond weight loss. 2009 , 5, 319-25	153
299	Five-year incidence of obesity and its determinants: the ATTICA study. 2009 , 12, 36-43	34
298	Contribution of behavior intervention components to 24-month weight loss. 2010 , 42, 745-53	38
297	Weight change and functional limitations among older adults in North Carolina. 2010 , 35, 586-91	2
296	Changes in Health-Related Quality of Life among African-Americans in a lifestyle weight loss program. 2010 , 19, 1025-33	9
295	Weight maintenance as a tight rope walk - a Grounded Theory study. 2010 , 10, 51	19
294	Systematic development of a self-regulation weight-management intervention for overweight adults. 2010 , 10, 649	20
293	Patterns of weight control strategies predict differences in women's 4-year weight gain. 2010 , 18, 513-20	29
292	Comparison between a basal-bolus and a premixed insulin regimen in individuals with type 2 diabetes--results of the GINGER study. 2010 , 12, 115-23	77
291	Effectiveness of interventions with a dietary component on weight loss maintenance: A systematic review.. 2010 , 8, 1-18	1
290	The role of basal insulin and glucagon-like peptide-1 agonists in the therapeutic management of type 2 diabetes--a comprehensive review. 2010 , 12, 11-24	29
289	Late-life depressed mood and weight change contribute to the risk of each other. 2010 , 18, 236-44	17

288	Sustained body weight reduction by an individual-based lifestyle intervention for workers in the construction industry at risk for cardiovascular disease: results of a randomized controlled trial. 2010 , 51, 240-6	64
287	Weight loss and regain and effects on body composition: the Health, Aging, and Body Composition Study. 2010 , 65, 78-83	70
286	A 2-year multifactor approach of weight loss maintenance. 2010 , 15, e9-14	2
285	Sedentary behaviors and subsequent health outcomes in adults a systematic review of longitudinal studies, 1996-2011. 2011 , 41, 207-15	1014
284	Sports medicine in the management of obesity and related disorders. 2011 , 54, 685	1
283	Factors associated with long-term weight loss and weight maintenance: analysis of a comprehensive workplace wellness program. 2011 , 53, 1236-42	10
282	Predictors of increasing waist circumference in an Australian population. 2011 , 14, 870-81	8
281	Psychological factors influencing weight loss maintenance: an integrative literature review. 2011 , 23, 592-601	48
280	The effect of physical activity on 18-month weight change in overweight adults. 2011 , 19, 100-9	51
279	Differences in cardiovascular disease risk factors by weight history: the Aerobics Center Longitudinal Study. 2011 , 19, 2063-8	4
278	Behavioral transitions and weight change patterns within the PREMIER trial. 2011 , 19, 1609-15	29
277	Body mass index, weight change and risk of stroke and stroke subtypes: the Japan Public Health Center-based prospective (JPHC) study. <i>International Journal of Obesity</i> , 2011 , 35, 283-91	5.5 37
276	Adiposity changes after a 1-year aerobic exercise intervention among postmenopausal women: a randomized controlled trial. <i>International Journal of Obesity</i> , 2011 , 35, 427-35	5.5 70
275	Do as I do? Prospects for parental participation 1.5 years after immersion treatment for adolescent obesity. 2011 , 1, 92-8	6
274	Smaller weight changes in standardized body mass index in response to treatment as weight classification increases. 2011 , 158, 624-7	55
273	Weight gain and incident obesity among male snus users. 2011 , 11, 371	11
272	Self-rated health does not predict 10-year weight change among middle-aged adults in a longitudinal population study. 2011 , 11, 748	14
271	Mitigating preventable chronic disease: Progress report of the Cleveland Clinic® Lifestyle 180 program. 2011 , 8, 83	14

270	Parents May Hold the Keys to Success in Immersion Treatment of Adolescent Obesity. 2011 , 33, 273-288	8
269	Multi-factorial approach associated with a new β -blocker use in a weight loss maintenance programme: 4 years follow-up. 2011 , 4, 191-6	2
268	Physical activity and inflammation in a multiethnic cohort of women. 2012 , 44, 1088-96	19
267	A family and community focused lifestyle program prevents weight regain in Pacific Islanders: a pilot randomized controlled trial. 2012 , 39, 386-95	37
266	Highly Successful Weight Control by Formerly Obese Adolescents: A Qualitative Test of the Healthy Obsession Model. 2012 , 8, 455-465	1
265	Two-year follow-up of an interdisciplinary cognitive-behavioral intervention program for obese adults. 2012 , 146, 371-91	24
264	An overview of treatments for obesity in a population with mental illness. 2012 , 57, 13-20	10
263	Effect of a stepped-care intervention approach on weight loss in adults: a randomized clinical trial. 2012 , 307, 2617-26	110
262	Highly successful weight control by formerly obese adolescents: a qualitative test of the healthy obsession model. 2012 , 8, 455-65	12
261	Short- and long-term eating habit modification predicts weight change in overweight, postmenopausal women: results from the WOMAN study. 2012 , 112, 1347-1355.e2	27
260	Eating style, overeating and weight gain. A prospective 2-year follow-up study in a representative Dutch sample. 2012 , 59, 782-9	113
259	Daily self-monitoring of body weight, step count, fruit/vegetable intake, and water consumption: a feasible and effective long-term weight loss maintenance approach. 2012 , 112, 685-692.e2	40
258	Healthy Moms, a randomized trial to promote and evaluate weight maintenance among obese pregnant women: study design and rationale. 2012 , 33, 777-85	32
257	DEXA measures of body fat percentage and acute phase proteins among breast cancer survivors: a cross-sectional analysis. 2012 , 12, 343	8
256	Changes in body weight and food choice in those attempting smoking cessation: a cluster randomised controlled trial. 2012 , 12, 389	17
255	Eating the elephant whole or in slices: views of participants in a smoking cessation intervention trial on multiple behaviour changes as sequential or concurrent tasks. 2012 , 12, 500	8
254	Insulin resistance as a predictor of gains in body fat, weight, and abdominal fat in nondiabetic women: a prospective study. 2012 , 20, 1503-10	3
253	Self-weighing frequency is associated with weight gain prevention over 2 years among working adults. 2012 , 19, 351-8	39

252	Drugs commonly associated with weight change: umbrella systematic review and meta-analysis (Protocol). 2012 , 1, 44	9
251	Lifestyle intervention for preventing weight gain in young adults: a systematic review and meta-analysis of RCTs. 2012 , 13, 692-710	97
250	Oleoyl-estrone. 2012 , 32, 1263-91	5
249	Impact of 5-year weight change on blood pressure: results from the Weight Loss Maintenance trial. 2013 , 15, 458-64	18
248	A pilot study comparing two weight loss maintenance interventions among low-income, mid-life women. 2013 , 13, 653	5
247	Primary weight maintenance: an observational study exploring candidate variables for intervention. 2013 , 12, 97	6
246	Exposure to fogger trucks and breast cancer incidence in the Long Island Breast Cancer Study Project: a case-control study. 2013 , 12, 24	19
245	The four undergraduate years. Changes in weight, eating attitudes, and depression. 2013 , 69, 145-50	28
244	Activity related energy expenditure, appetite and energy intake: potential implications for weight management. 2013 , 67, 1-7	13
243	Weight management interventions in adults with intellectual disabilities and obesity: a systematic review of the evidence. 2013 , 12, 132	56
242	Microbiota conservation and BMI signatures in adult monozygotic twins. 2013 , 7, 707-17	221
241	Long- and short-term weight change and incident coronary heart disease and ischemic stroke: the Atherosclerosis Risk in Communities Study. 2013 , 178, 239-48	41
240	Body mass index, change in body mass index, and survival in old and very old persons. 2013 , 61, 512-8	62
239	Measurement error of waist circumference: gaps in knowledge. 2013 , 16, 281-8	63
238	The impact of primary care resident physician training on patient weight loss at 12 months. 2013 , 21, 45-50	22
237	Impact of body-composition methodology on the composition of weight loss and weight gain. 2013 , 67, 446-54	32
236	Effectiveness of interventions with a dietary component on weight loss maintenance: a systematic review. 2013 , 11, 317-414	9
235	Staying on Track: Weight Maintenance. 2013 , 165-174	

234	Predictors of weight loss maintenance following an insurance-sponsored weight management program. 2014 , 2014, 736080	13
233	Evaluation of a meal replacement-based weight management program in primary care settings according to the actual European Clinical Practice Guidelines for the Management of Obesity in Adults. 2014 , 126, 598-603	6
232	Can a relatively low-intensity intervention by health professionals prevent weight gain in mid-age women? 12-Month outcomes of the 40-Something randomised controlled trial. 2014 , 4, e116	22
231	How weight change is modelled in population studies can affect research findings: empirical results from a large-scale cohort study. 2014 , 4, e004860	9
230	Weight rhythms: weight increases during weekends and decreases during weekdays. 2014 , 7, 36-47	39
229	Psychosocial stress is positively associated with body mass index gain over 5 years: evidence from the longitudinal AusDiab study. 2014 , 22, 277-86	60
228	Early weight regain after gastric bypass does not affect insulin sensitivity but is associated with elevated ghrelin. 2014 , 22, 1617-22	33
227	Body mass index at early adulthood, subsequent weight change and cancer incidence and mortality. 2014 , 135, 2900-9	51
226	Food reinforcement, dietary disinhibition and weight gain in nonobese adults. 2014 , 22, 254-9	50
225	Efficacy of a group-based dietary intervention for limiting gestational weight gain among obese women: a randomized trial. 2014 , 22, 1989-96	76
224	Bioavailable insulin-like growth factor-I inversely related to weight gain in postmenopausal women regardless of exogenous estrogen. 2014 , 23, 534-44	3
223	Low-calorie sweeteners and body weight and composition: a meta-analysis of randomized controlled trials and prospective cohort studies. 2014 , 100, 765-77	183
222	Obesity-related health status changes and weight-loss treatment utilization. 2014 , 46, 465-72	10
221	Obesity in men: are professional football clubs outside?. 2014 , 383, 1190-1	2
220	Evaluation of the relationship between weight change and glycemic control after initiation of antidiabetic therapy in patients with type 2 diabetes using electronic medical record data. 2014 , 103, 402-11	17
219	The SHED-IT weight loss maintenance trial protocol: A randomised controlled trial of a weight loss maintenance program for overweight and obese men. 2014 , 37, 84-97	20
218	The impact of pre-operative weight loss on incidence of surgical site infection and readmission rates after total joint arthroplasty. 2014 , 29, 458-64.e1	58
217	High sitting time or obesity: Which came first? Bidirectional association in a longitudinal study of 31,787 Australian adults. 2014 , 22, 2126-30	51

216	Change in weight and adiposity in college students: a systematic review and meta-analysis. 2014 , 47, 641-52	88
215	Effectiveness of a primary care-based intervention to reduce sitting time in overweight and obese patients (SEDESTACTIV): a randomized controlled trial; rationale and study design. 2014 , 14, 228	13
214	A systematic review of the effect of oral glucocorticoids on energy intake, appetite, and body weight in humans. 2014 , 34, 179-90	48
213	The #Healthy Dads, Healthy KidsPcommunity randomized controlled trial: a community-based healthy lifestyle program for fathers and their children. 2014 , 61, 90-9	108
212	Daily self-weighing and adverse psychological outcomes: a randomized controlled trial. 2014 , 46, 24-9	45
211	Impact of body composition during weight change on resting energy expenditure and homeostasis model assessment index in overweight nonsmoking adults. 2014 , 99, 779-91	34
210	Objective physical activity and weight loss in adults: the step-up randomized clinical trial. 2014 , 22, 2284-92	35
209	Determinants of glycaemic control in a practice setting: the role of weight loss and treatment adherence (The DELTA Study). 2014 , 68, 1309-17	16
208	"I see inspiration everywhere": potential keys to nurturing healthy obsessions by very successful young weight controllers. 2014 , 10, 518-32	3
207	Effects of nutrition education on weight gain prevention: a randomized controlled trial. 2016 , 15, 31	8
206	Multimorbidity in a prospective cohort: prevalence and associations with weight loss and health status in severely obese patients. 2015 , 23, 707-12	14
205	Facilitators and barriers to weight loss and weight loss maintenance: a qualitative exploration. 2015 , 28, 593-603	65
204	Is it possible to predict improved diabetes outcomes following diabetes self-management education: a mixed-methods longitudinal design. 2015 , 5, e008781	6
203	Research aimed at improving both mood and weight (RAINBOW) in primary care: A type 1 hybrid design randomized controlled trial. 2015 , 43, 260-78	28
202	The effects of physical activity interventions on preventing weight gain and the effects on body composition in young adults with intellectual disabilities: systematic review and meta-analysis of randomized controlled trials. 2015 , 5, 198-210	16
201	Weight changes following the diagnosis of type 2 diabetes: the impact of recent and past weight history before diagnosis. results from the Danish Diabetes Care in General Practice (DCGP) study. 2015 , 10, e0122219	17
200	Safety of basal-bolus versus premixed insulin intensification regimens in the management of type 2 diabetes mellitus: A narrative review of a 14-year experience. 2015 , 10, 257-265	
199	Apremilast in the treatment of moderate-to-severe plaque psoriasis: results from the ESTEEM studies. 2015 , 5, 777-791	1

198	Weight Change and All-Cause Mortality in Older Adults: A Meta-Analysis. 2015 , 34, 343-68	41
197	Clinical review: Drugs commonly associated with weight change: a systematic review and meta-analysis. 2015 , 100, 363-70	193
196	Recommendations for prevention of weight gain and use of behavioural and pharmacologic interventions to manage overweight and obesity in adults in primary care. 2015 , 187, 184-195	104
195	Predictors of outcome for cognitive behaviour therapy in binge eating disorder. 2015 , 23, 219-28	23
