

CITATION REPORT

List of articles citing

The age-dependent decline of attention deficit hyperactivity disorder: a meta-analysis of follow-up studies

DOI: 10.1017/s003329170500471x

Psychological Medicine, 2006, 36, 159-65.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
