Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2261	Early onset of overweight and obesity among low-income 1- to 5-year olds in New York City. 2008 , 85, 545-54		27
2260	The complex and untidy science of childhood obesity mirrors the complexity of practice. 2008 , 13, 141-3		
2259	Family-based weight management with Latino mothers and children. 2008 , 13, 249-62		15
2258	Collaborating with low-income families and their overweight children to improve weight-related behaviors: an intervention process evaluation. 2008 , 13, 263-74		15
2257	Do you see what I see? Weight status misperception and exposure to obesity among children and adolescents. 2008 , 32, 1008-15		182
2256	Obesity research in the next decade. 2008 , 32 Suppl 7, S143-51		5
2255	The interaction of childhood height and childhood BMI in the prediction of young adult BMI. 2008 , 16, 2336-41		33
2254	Influence of race, ethnicity, and culture on childhood obesity: implications for prevention and treatment. 2008 , 16, 2566-77		98
2253	A school-based intervention to reduce overweight and inactivity in children aged 6-12 years: study design of a randomized controlled trial. 2008 , 8, 257		35
2252	Active play and screen time in US children aged 4 to 11 years in relation to sociodemographic and weight status characteristics: a nationally representative cross-sectional analysis. 2008 , 8, 366		171
2251	Diabetes risk, low fitness, and energy insufficiency levels among children from poor families. 2008 , 108, 1846-53		21
2250	Psychosocial functioning and its impact on implementing behavioral interventions for childhood obesity. 2008 , 25, 159-166		8
2249	Dietary interventions for the treatment of obese children and adolescents. 2008 , 25, 137-141		1
2248	The pediatric multidisciplinary obesity program: An update. 2008 , 25, 129-136		7
2247	The First Pelvic Examination in the Adolescent: An Update. 2008 , 4, 377-383		5
2246	Clinical correlates of histopathology in pediatric nonalcoholic steatohepatitis. 2008 , 135, 1961-1971.e2		189
2245	Physical activity in adolescents: from associations to interventions. 2008 , 42, 327-8		6

2244	Surgical Management Strategies for Extremely Obese Adolescents. 2008 , 4, 111-116		
2243	A response to the expert committee's recommendations on the assessment, prevention, and treatment of child and adolescent overweight and obesity. <i>Pediatrics</i> , 2008 , 121, 833-4	7.4	10
2242	Insufficient evidence for committee recommendations on obesity. <i>Pediatrics</i> , 2008 , 121, 1077-8; author reply 1078-9	7.4	2
2241	Parents' Perspectives Regarding Treatment of Childhood Obesity. 2008 , 19, 43-44		
2240	Reducing the energy density of multiple meals decreases the energy intake of preschool-age children. 2008 , 88, 1459-68		81
2239	YMCA program for childhood obesity: a case series. 2008 , 47, 693-7		14
2238	Weight-loss practices and weight-related issues among youth with type 1 or type 2 diabetes. 2008 , 31, 2251-7		37
2237	Influence of race, ethnicity, and culture on childhood obesity: implications for prevention and treatment: a consensus statement of Shaping America's Health and the Obesity Society. 2008 , 31, 2211-21		229
2236	Pediatrics in the community: the Beacon Burners Running Program: empowering kids to run round and round without reinventing the wheel. 2008 , 29, 249-50		1
2235	IPEG guidelines for surgical treatment of extremely obese adolescents. 2008 , 18, xiv-xvi		7
2234	Population-based prevention of obesity: the need for comprehensive promotion of healthful eating, physical activity, and energy balance: a scientific statement from American Heart Association Council on Epidemiology and Prevention, Interdisciplinary Committee for Prevention (formerly the expert panel on population and prevention science). 2008 , 118, 428-64		466
2233	Changes in BMI: an important metric for obesity prevention. <i>Pediatrics</i> , 2008 , 122, 683; author reply 684	7.4	3
2232	Insulin resistance and obesity in childhood. 2008 , 159 Suppl 1, S67-74		155
2231	Insulin Resistance Predicts Elevated Nighttime Blood Pressure in Obese Children and Adolescents. 2008 , 19, 67-68
