

CITATION REPORT

List of articles citing

The short-term effect on technical and scale efficiency of establishing regional health systems and general management in Greek NHS hospitals

DOI: 10.1016/j.healthpol.2007.01.008
Health Policy, 2007, 83, 236-45.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
