

CITATION REPORT

List of articles citing

A single dose of citalopram increases fear recognition in healthy subjects

DOI: 10.1177/0269881106074062

Journal of Psychopharmacology, 2007, 21, 684-90.

Source: <https://exaly.com/paper-pdf/42183776/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
