

CITATION REPORT

List of articles citing

Neural circuit dynamics underlying accumulation of time-varying evidence during perceptual decision making

DOI: 10.3389/neuro.10.006.2007

Frontiers in Computational Neuroscience, 2007, 1, 6.

Source: <https://exaly.com/paper-pdf/42462769/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
