

CITATION REPORT

List of articles citing

The citation performance of open access journals: A disciplinary investigation of citation distribution models

DOI: 10.1002/asi.20676

Journal of the Association for Information Science and Technology, 2007, 58, 2145-2156.

Source: <https://exaly.com/paper-pdf/42593801/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
