

CITATION REPORT

List of articles citing

Genome-wide association to body mass index and waist circumference: the Framingham Heart Study 100K project

DOI: 10.1186/1471-2350-8-s1-s18

BMC Medical Genetics, 2007, 8 Suppl 1, S18.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
