

CITATION REPORT

List of articles citing

Composition and density of nanoscale calcium-silicate-hydrate in cement

DOI: 10.1038/nmat1871
Nature Materials, 2007, 6, 311-6.

Source: <https://exaly.com/paper-pdf/42810282/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
763	Notes on hydrated cement fractals investigated by SANS. 2007 , 40, 4055-4059		11
762	Reply to discussion of the paper "A multi-technique investigation of the nanoporosity of cement paste" <i>Cement and Concrete Research</i> , 2007 , 37, 1374-1375	10.3	3
