

CITATION REPORT

List of articles citing

Intense sweeteners, energy intake and the control of body weight

DOI: 10.1038/sj.ejcn.1602649

European Journal of Clinical Nutrition, 2007, 61, 691-700.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
150	The effects of blind substitution of aspartame-sweetened for sugar-sweetened soft drinks on appetite and mood. <i>British Food Journal</i> , 1998 , 100, 254-259	2.8	17
149	The fructose nation. 2007 , 18, 2619-21		21
148	First European conference on aspartame: putting safety and benefits into perspective. Synopsis of presentations and conclusions. 2007 , 45, 1308-13		22
147	Current awareness in flavour and fragrance. 2008 , 23, 67-76		
146	Handbook of Obesity. 2008 ,		6
145	The potential toxicity of artificial sweeteners. 2008 , 56, 251-9; quiz 260-1		74
144	Clinical Q & A. 2008 , 4, 242-244		
143	Impact of education on food behaviour, body composition and physical fitness in children. 2008 , 99 Suppl 1, S26-32		18
142	A role for sweet taste: calorie predictive relations in energy regulation by rats. 2008 , 122, 161-73		199
141	The Potential Toxicity of Artificial Sweeteners. 2008 , 56, 251-261		76
140	Current world literature. Nutrition and physiological function. 2008 , 11, 795-818		1
139	Bibliography. Current world literature. Small intestine. 2008 , 24, 236-53		
138	Use of artificial sweeteners and fat-modified foods in weight loss maintainers and always-normal weight individuals. <i>International Journal of Obesity</i> , 2009 , 33, 1183-90	5.5	50
137	Nonnutritive sweetener consumption in humans: effects on appetite and food intake and their putative mechanisms. 2009 , 89, 1-14		403
136	Dietary carbohydrates and dental-systemic diseases. 2009 , 88, 490-502		84
135	Drink Fluids to Maintain Hydration and Eat to Obtain Calories. 2009 , 44, 14-16		
134	Psychological factors are important correlates of dietary pattern in overweight adults. 2010 , 25, 450-60		24

133	Effects of artificial sweeteners on body weight, food and drink intake. 2010 , 97, 401-7		19
132	Artificial sweeteners: a systematic review of metabolic effects in youth. 2010 , 5, 305-12		142
131	Thermodynamic investigation of several natural polyols (IV): Heat capacities and thermodynamic properties of adonitol. 2010 , 499, 117-122		12
130	Impact of water intake on energy intake and weight status: a systematic review. 2010 , 68, 505-21		140
129	The Role of Low-calorie Sweeteners in Diabetes. 2013 , 9, 96-98		7
128	Sweet-taste receptors, low-energy sweeteners, glucose absorption and insulin release. 2010 , 104, 1415-20		76
127	Coffee, tea and their additives: association with BMI and waist circumference. 2010 , 3, 345-52		42
126	The T1R2/T1R3 sweet receptor and TRPM5 ion channel taste targets with therapeutic potential. 2010 , 91, 151-208		16
125	Heat Capacities and Nonisothermal Thermal Decomposition Reaction Kinetics of d-Mannitol. 2010 , 55, 119-124		22
124	Body weight gain in rats consuming sweetened liquids. Effects of caffeine and diet composition. <i>Appetite</i> , 2010 , 55, 528-33	4.5	32
123	High-intensity sweeteners and energy balance. <i>Physiology and Behavior</i> , 2010 , 100, 55-62	3.5	149
122	Análisis de la publicidad de alimentos orientada a niños y adolescentes en canales chilenos de televisión abierta. 2010 , 16, 90-97		3
121	Fat substitutes promote weight gain in rats consuming high-fat diets. 2011 , 125, 512-8		21
120	The role of added sugars in pediatric obesity. 2011 , 58, 1455-66, xi		58
119	Leptin regulates the reward value of nutrient. 2011 , 14, 1562-8		166
118	Miracle fruit improves sweetness of a low-calorie dessert without promoting subsequent energy compensation. <i>Appetite</i> , 2011 , 56, 163-6	4.5	20
117	Trustworthy satiety claims are good for science and society. Comment on 'Satiety. No way to slim'. <i>Appetite</i> , 2011 , 57, 778-83; discussion 784-90	4.5	24
116	Scientific Opinion on the substantiation of health claims related to intense sweeteners and contribution to the maintenance or achievement of a normal body weight (ID 1136, 1444, 4299), reduction of post-prandial glycaemic responses (ID 4298), maintenance. 2011 , 9, 2229		21

115	NIVELES DE INGESTA DIARIA DE EDULCORANTES NO NUTRITIVOS EN ESCOLARES DE LA REGIÓN DE VALPARAISO. 2011 , 38, 444-449		8
