Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2234	Information perception, wishes, and satisfaction in ambulatory cancer patients under active treatment: patient-reported outcomes with QLQ-INFO25. **2014**, 8, 425		12
2233	Lack of association of a variable number of aspartic acid residues in the asporin gene with osteoarthritis susceptibility: case-control studies in Spanish Caucasians. **2006**, 8, R55		49
2232	Dopamine transporter polymorphisms and risperidone response in Chinese schizophrenia patients: an association study. **2007**, 8, 1337-45		17
2231	Association between monoamine oxidase A polymorphisms and anger-related personality traits in Korean women. **2007**, 56, 19-23		10
2230	No effect of 5-day treatment with acetylsalicylic acid (aspirin) or the beta-blocker propranolol (Inderal) on free cortisol responses to acute psychosocial stress: a randomized double-blind, placebo-controlled study. **2007**, 56, 159-66		14
2229	Another look at birth order and familial sentiment: Are middleborns really different?. **2007**, 5, 197-211		4
2228	Learning effects of repetitive administrations of the sensory organization test in healthy young adults. **2007**, 88, 1049-54		171
2227	Overweight and average-weight children equally responsive to "Kids Choice Program" to increase fruit and vegetable consumption. **2007**, 49, 683-6		17
2226	Impact of extrinsic incubation temperature and virus exposure on vector competence of Culex pipiens quinquefasciatus Say (Diptera: Culicidae) for West Nile virus. **2007**, 7, 629-36		95
2225	Replication and identification of novel variants at TCF7L2 associated with type 2 diabetes in Hong Kong Chinese. **2007**, 92, 3733-7		90
2224	Histamine release and fibrinogen adsorption mediate acute inflammatory responses to biomaterial implants in humans. **2007**, 5, 31		104
2223	Genomic and functional studies of Drosophila sex hierarchy regulated gene expression in adult head and nervous system tissues. **2007**, 3, e216		98
2222	Discomfort and agitation in older adults with dementia. **2007**, 7, 27		21
2221	Factors predicting mortality in midlife adults with and without Down syndrome living with family. **2007**, 51, 1039-50		48
2220	Limits on the role of retrieval cues in memory for actions: enactment effects in the absence of object cues in the environment. **2007**, 35, 1841-53		15
2219	A field test of the Hamilton□Zuk hypothesis in the Trinidadian guppy (Poecilia reticulata). **2007**, 61, 1897-1909		31
2218	White tail plumage and brood sex ratio in dark-eyed juncos (Junco hyemalis thurberi). **2007**, 62, 109-117		13

2217	Root traits and taxonomic affiliation of nine herbaceous species grown in glasshouse conditions. **2008**, 312, 69-83	38
2216	The Role of Sisters in Body Image Dissatisfaction and Disordered Eating. **2008**, 59, 81-93	19
2215	Working memory deficits in boys with attention-deficit/hyperactivity disorder (ADHD): the contribution of central executive and subsystem processes. **2008**, 36, 825-37	200
2214	ADHD and behavioral inhibition: a re-examination of the stop-signal task. **2008**, 36, 989-98	51
2213	Scan path differences and similarities during emotion perception in those with and without autism spectrum disorders. **2008**, 38, 1371-81	132
2212	Environment determines nitrogen content and stable isotope composition in the sporophyte of Undaria pinnatifida (Harvey) Suringar. **2008**, 20, 695-703	7
2211	Local motion inside an object affects pointing less than smooth pursuit. **2008**, 191, 187-95	2
2210	Geochemical signature of land-based activities in Caribbean coral surface samples. **2008**, 27, 727-742	34
2209	Positive association between variations in CDKAL1 and type 2 diabetes in Han Chinese individuals. **2008**, 51, 2134-7	40
2208	Orthopaedic surgeons' cardiovascular response during total hip arthroplasty. **2008**, 466, 411-6	4
2207	Bone graft harvest using a new intramedullary system. **2008**, 466, 2973-80	112
2206	Use of hand-held dynamometry in the evaluation of lower limb muscle strength in people with Huntington's disease. **2008**, 255, 1534-40	61
2205	The effects of tai chi exercise on elders with osteoarthritis: a longitudinal study. **2008**, 2, 235-41	13
2204	Lack of evidence for association of primary sclerosing cholangitis and primary biliary cirrhosis with risk alleles for Crohn's disease in Polish patients. **2008**, 9, 81	23
2203	The influence of the cultural climate of the training environment on physicians' self-perception of competence and preparedness for practice. **2008**, 8, 51	10
2202	Ocular accommodation and cognitive demand: an additional indicator besides pupil size and cardiovascular measures?. **2008**, 7, 6	5
2201	Feedback acceptance in developmental assessment centers: the role of feedback message, participant personality, and affective response to the feedback session. **2008**, 29, 681-703	38
2200	Kinematics of turning maneuvers in the southern flying squirrel, Glaucomys volans. **2008**, 309, 225-42	12

2199	Resting electroencephalogram asymmetry and posttraumatic stress disorder. **2008**, 21, 190-8	26
2198	Phonological working memory in German children with poor reading and spelling abilities. **2008**, 14, 271-90	37
2197	Effects of a cognitive dissonance-based eating disorder prevention program are similar for Asian American, Hispanic, and White participants. **2008**, 41, 618-25	34
2196	Adjunctive antidepressant treatment with quetiapine in agitated depression: positive effects on symptom reduction, psychopathology and remission rates. **2008**, 23, 587-93	12
2195	Role of gender in depressive disorder outcome for individual and group cognitive-behavioral treatment. **2008**, 64, 1323-37	17
2194	Developmental differences in white matter architecture between boys and girls. **2008**, 29, 696-710	180
2193	Getting a picture that is both accurate and stable: Situation models and epistemic validation. **2008**, 59, 237-255	62
2192	An oxidative stress score as a combined measure of the pro-oxidant and anti-oxidant counterparts in patients with coronary artery disease. **2008**, 41, 1162-7	90
2191	What teacher factors influence their attributions for children's difficulties in learning?. **2008**, 78, 527-44	64
2190	Avoiding stimulus confounds in Implicit Association Tests by using the concepts as stimuli. **2008**, 47, 217-43	30
2189	A comparison of treatment completers and non-completers of an in-patient treatment programme for male personality-disordered offenders. **2008**, 81, 193-8	24
2188	Repetition blindness in sentence contexts: not just an attribution?. **2008**, 36, 295-313	7
2187	Sound source location modulates the irrelevant-sound effect. **2008**, 36, 617-28	17
2186	On the immunity of perceptual implicit memory to manipulations of attention. **2008**, 36, 725-34	7
2185	Perceptual experience and posttest improvements in perceptual accuracy and consistency. **2008**, 70, 1060-7	21
2184	Perceptual asynchronies between color and motion at the onset of motion and along the motion trajectory. **2008**, 70, 1092-103	10
2183	Effect of an educational intervention on attitudes toward and implementation of evidence-based practice. **2008**, 5, 172-81	52
2182	Hemodynamics and prognosis after primary cardiac resynchronization system implantation compared to "upgrade" procedures. **2008**, 31, 1265-71	20

2181	The subjective, rather than the disinhibiting, effects of alcohol are related to binge drinking. **2008**, 32, 1096-104	44
2180	Parsing the Mechanisms that Increase Relational Intimacy: The Effects of Uncertainty Amount, Open Communication About Uncertainty, and the Reduction of Uncertainty. **2008**, 34, 625-654	37
2179	The Affective Consequences of Minimizing Women's Body Image Concerns. **2008**, 32, 257-266	10
2178	The effect of repeated applanation on subsequent IOP measurements. **2008**, 91, 524-9	33
2177	Body Weight and Rearing Conditions of Males, Female Choice and Paternities in a Small Mammal, Cavia aperea. **2008**, 114, 897-906	10
2176	The Soft Seal disposable laryngeal mask airway in adults: comparison of two insertion techniques without intra-oral manipulation. **2008**, 63, 1131-4	7
2175	Developing evidence-based practice: experiences of senior and junior clinical nurses. **2008**, 62, 62-73	123
2174	Floral resources impact longevity and oviposition rate of a parasitoid in the field. **2008**, 77, 565-72	126
2173	Collision fatality of raptors in wind farms does not depend on raptor abundance. **2008**, 45, 1695-1703	154
2172	Disaffection or expected outcomes: Understanding personal Internet use during work. **2008**, 13, 937-958	65
2171	Evaluation of head orientation and neck muscle EMG signals as command inputs to a human-computer interface for individuals with high tetraplegia. **2008**, 16, 485-96	172
2170	Low wintertime vitamin D levels in a sample of healthy young adults of diverse ancestry living in the Toronto area: associations with vitamin D intake and skin pigmentation. **2008**, 8, 336	79
2169	Decision making preferences in the medical encounter--a factorial survey design. **2008**, 8, 260	20
2168	Honeybees do not reject dances for □mplausible□locations: reconsidering the evidence for cognitive maps in insects. **2008**, 76, 261-269	47
2167	Behaviour is not really at risk after surviving meningitis in childhood. **2008**, 97, 438-41	1
2166	Tibio-femoral cartilage defects 3-5 years following arthroscopic partial medial meniscectomy. **2008**, 16, 1526-31	51
2165	Individual differences in fast-and-frugal decision making: Neuroticism and the recognition heuristic. **2008**, 42, 1641-1645	32
2164	Lead shot contribution to blood lead of First Nations people: the use of lead isotopes to identify the source of exposure. **2008**, 405, 180-5	41

2163	Not all effect sizes are the same: Comments on Holden (2008). **2008**, 44, 1819-1823	2
2162	Glucocorticoid sensitivity in fibromyalgia patients: decreased expression of corticosteroid receptors and glucocorticoid-induced leucine zipper. **2008**, 33, 799-809	41
2161	Goal conflict and facilitation as predictors of work-family satisfaction and engagement. **2008**, 73, 490-497	41
2160	Analgesic requirements after major abdominal surgery are associated with OPRM1 gene polymorphism genotype and haplotype. **2008**, 9, 1605-16	115
2159	Endovenous laser and echo-guided foam ablation in great saphenous vein reflux: one-year follow-up results. **2008**, 48, 940-6	52
2158	Impaired sensorimotor gating of the acoustic startle response in the prodrome of schizophrenia. **2008**, 64, 766-73	118
2157	Evaluation of individual and group grief and trauma interventions for children post disaster. **2008**, 37, 495-507	91
2156	A pilot study of the clinical and statistical significance of a program to reduce eating disorder risk factors in children. **2008**, 13, 111-8	10
2155	Kv1.1 channel subunits are not necessary for high temporal acuity in behavioral and electrophysiological gap detection. **2008**, 246, 52-8	16
2154	Mental stress induces sustained elevation of blood pressure and lipid peroxidation in postmenopausal women. **2008**, 82, 99-107	20
2153	Validity of the Faces Anxiety Scale for the assessment of state anxiety in intensive care patients not receiving mechanical ventilation. **2008**, 64, 503-7	39
2152	The effects of freezing on the tensile properties of repaired porcine flexor tendon. **2008**, 33, 353-8	43
2151	DTNBP1 haplotype influences baseline assessment scores of schizophrenic in-patients. **2008**, 440, 150-4	14
2150	No association between polymorphisms in the FACL4 (fatty acid-CoA ligase 4) gene and nonspecific mental retardation in Qin-Ba mountain region of China. **2008**, 441, 197-200	
2149	Effects of liver disease on the well-being of persons living with HIV. **2008**, 19, 368-74	3
2148	Desire for control, sense of control and obsessive-compulsive checking: an extension to clinical samples. **2008**, 22, 1472-9	20
2147	Correlation of visual outcome and patient satisfaction with preoperative keratometry after hyperopic laser in situ keratomileusis. **2008**, 34, 1083-8	18
2146	Auditory hallucinations and the mismatch negativity: processing speech and non-speech sounds in schizophrenia. **2008**, 70, 3-15	37

2145	Evaluation of floating cages as an experimental tool for marine shrimp culture studies under practical earthen pond conditions. **2008**, 279, 63-69	4
2144	Is bonewax safe and does it help?. **2008**, 85, 1002-6	29
2143	Lowering LDL cholesterol in adults: a prospective, community-based practice initiative. **2008**, 121, 604-10	10
2142	The acceptability of health service and community-based venues for syphilis testing amongst men who have sex with men: the views of potential service users in Scotland. **2008**, 122, 959-61	3
2141	Electrical stimulation facilitates rat facial nerve recovery from a crush injury. **2008**, 139, 68-73	65
2140	Lack of association between three serotonin genes and suicidal behavior in Chinese psychiatric patients. **2008**, 32, 467-71	32
2139	Ethnic differences in HIV risk behaviors among methadone-maintained women receiving contingency management for cocaine use disorders. **2008**, 98, 144-53	14
2138	Development in quality of relationship between the significant other and the lung cancer patient as perceived by the significant other. **2008**, 12, 430-5	11
2137	WISECARE+: Results of a European study of a nursing intervention for the management of chemotherapy-related symptoms. **2008**, 12, 443-8	28
2136	The Impact of Educational Background on the Effectiveness of Requirements Inspections: An Empirical Study. **2008**, 34, 800-812	26
2135	Human brain white matter atlas: identification and assignment of common anatomical structures in superficial white matter. **2008**, 43, 447-57	378
2134	TAAR6 variation effect on clinic presentation and outcome in a sample of schizophrenic in-patients: an open label study. **2008**, 23, 390-5	12
2133	Maternal correlates of brood sex ratio variation in the lekking lance-tailed manakin Chiroxiphia lanceolata. **2008**, 39, 198-205	5
2132	The ACE gene I/ D polymorphism is not associated with generalized vitiligo susceptibility in Gujarat population. **2008**, 21, 407-8	30
2131	Tops, bottoms and versatiles. **2008**, 23, 191-202	70
2130	Design and Analysis of Rangeland Experiments Along Continuous Gradients. **2008**, 61, 605-613	6
2129	Parental education moderates genetic influences on reading disability. **2008**, 19, 1124-30	105
2128	Effects of exercise in combination with epoetin alfa during high-dose chemotherapy and autologous peripheral blood stem cell transplantation for multiple myeloma. **2008**, 35, E53-61	66

2127	Strong association of chromosome 1p12 loci with thyroid cancer susceptibility. **2008**, 17, 1499-504	20
2126	Both intestinal and hepatic lipoprotein production are stimulated by an acute elevation of plasma free fatty acids in humans. **2008**, 117, 2369-76	88
2125	Effectiveness of simulated presence therapy for individuals with dementia: a systematic review and meta-analysis. **2008**, 12, 779-85	32
2124	Working memory capacity for spoken sentences decreases with adult ageing: recall of fewer but not smaller chunks in older adults. **2008**, 16, 773-87	55
2123	Intercalary growth causes geometric length expansion in Methuselah beard lichen (Usnea longissima). **2008**, 86, 1224-1232	11
2122	Differential age effects in load-dependent memory processing. **2009**, 16, 80-102	20
2121	Parasitism of the soybean aphid, Aphis glycines by Binodoxys communis: the role of aphid defensive behaviour and parasitoid reproductive performance. **2008**, 98, 361-70	65
2120	Circulating fibrinogen but not D-dimer level is associated with vital exhaustion in school teachers. **2008**, 11, 250-8	16
2119	Sensorimotor gating and attentional set-shifting are improved by the mu-opioid receptor agonist morphine in healthy human volunteers. **2008**, 11, 655-69	25
2118	A Study of Academic Advising Satisfaction and its Relationship to Student Worldviews. **2008**, 10, 391-404	9
2117	Coding strategies in number space: memory requirements influence spatial-numerical associations. **2008**, 61, 515-24	66
2116	Constitutive immune function responds more slowly to handling stress than corticosterone in a shorebird. **2008**, 81, 673-81	64
2115	Genetic variation within adrenergic pathways determines in vivo effects of presynaptic stimulation in humans. **2008**, 117, 517-25	16
2114	Analysing the relationship between target-to-target and distractor-to-target repetitions: evidence for a common mechanism. **2008**, 61, 1641-9	4
2113	Implicit sequence learning in a search task. **2008**, 61, 1650-7	9
2112	Sexual minority stress and changes in relationship quality in same-sex couples. **2008**, 25, 989-1007	80
2111	Health-related quality of life in significant others of patients dying from lung cancer. **2008**, 22, 239-47	42
2110	Effects of augmentative and alternative communication intervention on speech production in children with autism: a systematic review. **2008**, 17, 212-30	207

2109	Real-time assessment of right and left ventricular volumes and function in patients with congenital heart disease by using high spatiotemporal resolution radial k-t SENSE. **2008**, 248, 782-91	68
2108	Glandular function in Sjögren syndrome: assessment with dynamic contrast-enhanced MR imaging and tracer kinetic modeling--initial experience. **2008**, 246, 845-53	24
2107	Evidence for attenuated affective processing in obesity. **2008**, 103, 35-47	2
2106	Relative influence of interaural time and intensity differences on lateralization is modulated by attention to one or the other cue. **2008**, 124, 3120-31	12
2105	Early cortical specialization for face-to-face communication in human infants. **2008**, 275, 2803-11	154
2104	Odor annoyance of environmental chemicals: sensory and cognitive influences. **2008**, 71, 776-85	27
2103	Cerebellar pathology does not impair performance on identification or categorization tasks. **2008**, 14, 760-70	4
2102	Bonus depreciation incentives: The impact on general aviation aircraft. **2008**, 73-101	3
2101	Differences in EMG activity in scapular plane abduction under variable arm positions and loading conditions. **2008**, 40, 716-21	20
2100	Randomized controlled trials: methodological concepts and critique. **2008**, 27, 116-22; quiz 123-4	13
2099	Association of common polymorphisms in GLUT9 gene with gout but not with coronary artery disease in a large case-control study. **2008**, 3, e1948	64
2098	Assessment of Relationship between Fyn-related Kinase Gene Polymorphisms and Overweight/Obesity in Korean Population. **2008**, 12, 83-7	6
2097	Matrix Metallopeptidase 2 Gene Polymorphism is Associated with Obesity in Korean Population. **2008**, 12, 125-9	15
2096	Politische Fertigkeiten und Arbeitsstile: Eine Feldstudie. **2009**, 53, 94-103	6
2095	Intrauterine testosterone exposure and risk for disordered eating. **2009**, 194, 375-6	22
2094	Executions, Deterrence and Homicide: A Tale of Two Cities. **2009**,	2
2093	Effects of an Incontinence Prevention Program on Postpartum Women. **2009**, 15, 177	2
2092	[Effectiveness of parent training for children with ADHD in routine clinical practice]. **2009**, 58, 16-33	4

2091	Strengthening the case for stimulus-specificity in artificial grammar learning: no evidence for abstract representations with extended exposure. **2009**, 56, 188-97	6
2090	[Health promotion lifestyle according to self-perception of obesity and objective status measured by bioelectric impedance analysis in college women]. **2009**, 39, 693-9	14
2089	Effects of reward and punishment on task performance, mood and autonomic nervous function, and the interaction with personality. **2009**, 28, 181-90	2
2088	A functional and regulatory network associated with PIP expression in human breast cancer. **2009**, 4, e4696	28
2087	Perceptual load improves the expression but not learning of relevant sequence information. **2009**, 56, 84-91	10
2086	Factors Affecting the Relative Proportion of Reason and Preference Statements During Problem-Solving Group Discussion. **2009**, 26, 259-270	4
2085	Implicit motor sequence learning is not represented purely in response locations. **2009**, 62, 1516-22	15
2084	National differences in gender-science stereotypes predict national sex differences in science and math achievement. **2009**, 106, 10593-7	552
2083	Public responses to intimate partner violence against women: the influence of perceived severity and personal responsibility. **2009**, 12, 648-56	51
2082	Internet versus face-to-face therapy: emotional self-disclosure issues for young adults. **2009**, 30, 596-602	24
2081	The effects of achievement goals on performance, enjoyment, and practice of a novel motor task. **2009**, 27, 1281-92	15
2080	Clinical relevance of BNP measurement in the follow-up of patients with chronic heart failure. **2009**, 48, 163-79	25
2079	Grandmother caregiving, family stress and strain, and depressive symptoms. **2009**, 31, 389-408	100
2078	Online Academic Integrity. **2009**, 36, 174-178	6
2077	Assessing lay beliefs about generic medicines: Development of the generic medicines scale. **2009**, 14, 311-21	25
2076	Effect of systemic inflammation on inspiratory and limb muscle strength and bulk in cystic fibrosis. **2009**, 180, 153-8	42
2075	Cognitive recovery and predictors of functional outcome 1 year after traumatic brain injury. **2009**, 15, 740-50	93
2074	The Effect of Supervisor-Subordinate Language Similarity on Subordinates' Perceived Organizational Support in the U.S. Lodging Industry. **2009**, 9, 92-102	6

2073	Trait anger, hostility, serum homocysteine, and recurrent cardiac events after percutaneous coronary interventions. **2009**, 18, 554-61	6
2072	Effects of Abdominal Breathing on Anxiety, Blood Pressure, Peripheral Skin Temperature and Saturation Oxygen of Pregnant Women in Preterm Labor. **2009**, 15, 32	11
2071	Seizure entrainment with polarizing low-frequency electric fields in a chronic animal epilepsy model. **2009**, 6, 046009	20
2070	Influence of functional variant of neuronal nitric oxide synthase on impulsive behaviors in humans. **2009**, 66, 41-50	122
2069	Bubble continuous positive airway pressure, a potentially better practice, reduces the use of mechanical ventilation among very low birth weight infants with respiratory distress syndrome. **2009**, 123, 1534-40	39
2068	Psychometric properties of an instrument for assessing treatment satisfaction associated with pramlintide use. **2009**, 35, 136-46	16
2067	Adherence to Medical Regimens: Understanding the Effects of Cognitive Appraisal, Quality of Life, and Perceived Family Resiliency. **2009**, 52, 237-250	8
2066	Eating out of home in Vietnamese adolescents: socioeconomic factors and dietary associations. **2009**, 90, 1648-55	38
2065	Running-specific prostheses permit energy cost similar to nonamputees. **2009**, 41, 1080-7	24
2064	Enhanced Source Memory for Names of Cheaters. **2009**, 7, 147470490900700	14
2063	Prognostic significance of contrast-enhancing low-grade gliomas in adults and a review of the literature. **2009**, 31, 931-9	41
