

# CITATION REPORT

List of articles citing

Understanding the complex impacts of drought: A key to enhancing drought mitigation and preparedness

DOI: 10.1007/s11269-006-9076-5

Water Resources Management, 2007, 21, 763-774.

**Source:** <https://exaly.com/paper-pdf/43093499/citation-report.pdf>

**Version:** 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
