

CITATION REPORT

List of articles citing

A conceptual model of organo-mineral interactions in soils: self-assembly of organic molecular fragments into zonal structures on mineral surfaces

DOI: 10.1007/s10533-007-9103-5
Biogeochemistry, 2007, 85, 9-24.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
823	Strengthening the soil organic carbon pool by increasing contributions from recalcitrant aliphatic bio(macro)molecules. 2007 , 142, 1-10		282
822	Nano-scale secondary ion mass spectrometry – A new analytical tool in biogeochemistry and soil ecology: A review article. 2007 , 39, 1835-1850		152
821	Stabilization and destabilization of soil organic matter – new focus. <i>Biogeochemistry</i> , 2007 , 85, 1-7	3.8	71
820	Role of proteins in soil carbon and nitrogen storage: controls on persistence. <i>Biogeochemistry</i> , 2007 , 85, 25-44	3.8	195
819	Dissolved organic carbon chemistry and dynamics in contrasting forest and grassland soils. <i>Biogeochemistry</i> , 2008 , 89, 181-198	3.8	148
818	Chemical stabilization of organic carbon pools in particle size fractions in no-till and meadow soils. 2008 , 44, 1043-1051		24
817	Spatial complexity of soil organic matter forms at nanometre scales. 2008 , 1, 238-242		314
816	Characterization and structural modelling of humic substances in field soil displaying significant differences from previously proposed structures. 2008 , 59, 693-705		47
815	Organo-mineral associations in temperate soils: Integrating biology, mineralogy, and organic matter chemistry. 2008 , 171, 61-82		673
814	Stabilization mechanisms of organic matter in four temperate soils: Development and application of a conceptual model. 2008 , 171, 111-124		301
813	¹³ C and ¹⁵ N stabilization dynamics in soil organic matter fractions during needle and fine root decomposition. 2008 , 39, 465-477		120
812	Chemical and mineral control of soil carbon turnover in abandoned tropical pastures. 2008 , 143, 49-62		93
811	The influence of weathering processes on labile and stable organic matter in Mediterranean volcanic soils. 2008 , 143, 191-205		19
810	Comparison of different methods of obtaining a resilient organic matter fraction in Alpine soils. 2008 , 145, 355-369		46
809	Weathering, mineralogical evolution and soil organic matter along a Holocene soil toposequence developed on carbonate-rich materials. 2008 , 97, 675-696		51
