

CITATION REPORT

List of articles citing

**Fatty acid metabolism in breast cancer cells:
differential inhibitory effects of epigallocatechin
gallate (EGCG) and C75**

DOI: 10.1007/s10549-007-9678-5

Breast Cancer Research and Treatment, 2008, 109, 471-9.

Source: <https://exaly.com/paper-pdf/43217424/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
