Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
262	Chronic constipation: overview and challenges. 2009 , 21 Suppl 2, 1-8		73
261	Clinical trial: the efficacy, impact on quality of life, and safety and tolerability of prucalopride in severe chronic constipation--a 12-week, randomized, double-blind, placebo-controlled study. 2009 , 29, 315-28		237
260	The bifidogenic effect of inulin and oligofructose and its consequences for gut health. 2009 , 63, 1277-89		212
259	Cisapride for intestinal constipation. 2009 ,		
258	The effects of conservative treatment for constipation on symptom severity and quality of life in community-dwelling adults. <i>Journal of Wound, Ostomy and Continence Nursing</i> , 2010 , 37, 193-8	1.7	16
257	Functional outcome and quality of life after stapled transanal rectal resection for obstructed defecation syndrome. 2010 , 53, 881-8		20
256	NHG-Standaard Obstipatie. 2010 , 53, 484-498		20
255	Improvement of constipation and liver function by plant-derived lactic acid bacteria: a double-blind, randomized trial. 2010 , 26, 367-74		68
254	Fat-free milk as a therapeutic approach for constipation and the effect on serum motilin and ghrelin levels. 2010 , 26, 981-5		13
253	A case-control study on the dietary taurine intake, nutrient status and life stress of functional constipation patients in Korean male college students. 2010 , 17 Suppl 1, S41		7
252	Clinical trial: the efficacy of open-label prucalopride treatment in patients with chronic constipation - follow-up of patients from the pivotal studies. 2010 , 32, 1113-23		65
251	A double-blind, placebo-controlled study of prucalopride in elderly patients with chronic constipation. 2010 , 22, 991-8, e255		83
250	[Prevalence of intestinal constipation and associated factors: a population-based study in Pelotas, Rio Grande do Sul State, Brazil, 2007]. 2010 , 26, 1391-402		23
249	Prevalência de constipação intestinal entre estudantes de medicina de uma instituição no Noroeste Paulista. 2010 , 30, 203-209		4
248	An epidemiologic study of voiding and bowel habits in Korean children: a nationwide multicenter study. 2010 , 76, 215-9		44
247	Prescriptions of Chinese herbal medicine for constipation under the national health insurance in Taiwan. 2010 , 73, 375-83		33
246	Vulnerable elderly patients and overactive bladder syndrome. 2010 , 27, 697-713		28

245	Prevalence of, and risk factors for, chronic idiopathic constipation in the community: systematic review and meta-analysis. 2011 , 106, 1582-91; quiz 1581, 1592	464
244	Pre-motor signs of PD are related to SN hyperechogenicity assessed by TCS in an elderly population. 2011 , 32, 1599-606	35
243	Second-generation antipsychotics and constipation: a review of the literature. 2011 , 26, 34-44	88
242	Differences in taste between three polyethylene glycol preparations: a randomized double-blind study. 2011 , 5, 423-6	3
241	An open-label, prospective clinical study to evaluate the efficacy and safety of TLPL/AY/01/2008 in the management of functional constipation. 2011 , 2, 144-52	8
240	Prevalence and pathophysiology of functional constipation among women in Catalonia, Spain. 2011 , 54, 1560-9	26
239	Prevalence of pelvic floor disorders in the female population and the impact of age, mode of delivery, and parity. 2011 , 54, 85-94	121
238	Cisapride for intestinal constipation. 2011 , CD007780	20
237	Case-controlled study on risk factors for the development of constipation in hospitalized patients. 2011 , 131, 469-76	15
236	Cross-sectional study on relationship between constipation and medication in consideration of sleep disorder. 2011 , 131, 1225-32	6
235	Systematic review of abdominal surgery for chronic idiopathic constipation. 2011 , 13, 1335-43	24
234	Haemorrhoids, constipation and faecal incontinence: is there any relationship?. 2011 , 13, e227-33	20
233	Low defaecation frequency in Taiwanese adolescents: association with dietary intake, physical activity and sedentary behaviour. 2011 , 47, 381-6	29
232	Evolving concepts in chronic constipation in Europe and elsewhere: not worlds apart. 2011 , 23, 693-6	5
231	Epidemiology of functional constipation and comparison with constipation-predominant irritable bowel syndrome: the Systematic Investigation of Gastrointestinal Diseases in China (SILC). 2011 , 34, 1020-9	57
230	Effect of Lactobacillus casei Shirota on colonic transit time in patients with chronic constipation. 2011 , 33, 109-113	37
229	Chronic constipation: lessons from animal studies. 2011 , 25, 59-71	20
