List of articles citing

The Utstein template for uniform reporting of data following major trauma: a joint revision by SCANTEM, TARN, DGU-TR and RITG

DOI: 10.1186/1757-7241-16-7

Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2008, 16, 7.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
