

# CITATION REPORT

List of articles citing

Prospective assessment of protracted bacterial  
bronchitis: airway inflammation and innate immune activation

DOI: 10.1002/ppul.20906

Pediatric Pulmonology, 2008, 43, 1092-1099.

**Source:** <https://exaly.com/paper-pdf/43369871/citation-report.pdf>

**Version:** 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
