

CITATION REPORT

List of articles citing

Genome-wide association scan of attention deficit hyperactivity disorder

DOI: 10.1002/ajmg.b.30866

American Journal of Medical Genetics Part B: Neuropsychiatric Genetics, 2008, 147B, 1337-44.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
