Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
627	Effectiveness of a community-based responsive feeding programme in rural Bangladesh: a cluster randomized field trial. <i>Maternal and Child Nutrition</i> , <b>2008</b> , 4, 275-86	3.4	54
626	Community participation: lessons for maternal, newborn, and child health. 2008, 372, 962-71		229
625	Iron deficiency in young children in low-income countries and new approaches for its prevention. <b>2008</b> , 138, 2523-8		68
624	Scaling up international food aid: food delivery alone cannot solve the malnutrition crisis. <b>2008</b> , 5, e235	5	3
623	A responsive feeding intervention increases children's self-feeding and maternal responsiveness but not weight gain. <b>2009</b> , 139, 1738-43		52
622	Postintervention growth of Malawian children who received 12-mo dietary complementation with a lipid-based nutrient supplement or maize-soy flour. <b>2009</b> , 89, 382-90		65
621	Ready-to-use therapeutic food for the prevention of wasting in children. <b>2009</b> , 301, 327-8		3
620	Current and potential role of specially formulated foods and food supplements for preventing malnutrition among 6- to 23-month-old children and for treating moderate malnutrition among 6-to 59-month-old children. <b>2009</b> , 30, S434-63		141
619	Effect of preventive supplementation with ready-to-use therapeutic food on the nutritional status, mortality, and morbidity of children aged 6 to 60 months in Niger: a cluster randomized trial. <b>2009</b> , 301, 277-85		81
618	Multiple micronutrient supplementation during early childhood increases child size at 2 y of age only among high compliers. <b>2009</b> , 89, 1125-31		28
617	Who feeds children? A child's-eye-view of caregiver feeding patterns among the Aka foragers in Congo. <b>2009</b> , 69, 285-92		43
616	Impact of fortified blended food aid products on nutritional status of infants and young children in developing countries. <b>2009</b> , 67, 706-18		22
615	Dietary characteristics of complementary foods offered to Guatemalan infants vary between urban and rural settings. <b>2009</b> , 29, 470-9		14
614	Malawian mothers' attitudes towards the use of two supplementary foods for moderately malnourished children. <b>2009</b> , 53, 195-202		25
613	Scaling Up Nutrition. <b>2009</b> ,		31
612	Child undernutrition, tropical enteropathy, toilets, and handwashing. 2009, 374, 1032-1035		490
611	Effective nutrition programming for children and the role of UNICEF: consensus points from an expert consultation. <b>2009</b> , 30, 189-96		2

#### (2010-2009)

610	Actions framework. <b>2009</b> , 30, 233-44	32
609	Strengthening actions to improve feeding of infants and young children 6 to 23 months of age: summary of a recent World Health Organization/UNICEF technical meeting, Geneva, 6-9 October 2008. <b>2009</b> , 30, S236-8	13
608	Dietary counseling in the management of moderate malnourishment in children. <b>2009</b> , 30, S405-33	45
607	Iterative design, implementation and evaluation of a supplemental feeding program for underweight children ages 6-59 months in Western Uganda. <b>2010</b> , 14, 299-306	20
606	Shared principles of ethics for infant and young child nutrition in the developing world. 2010, 10, 321	11
605	Continuation of linear growth failure and its association with cognitive ability are not dependent on initial length-for-age: a longitudinal study from 6 months to 11 years of age. <b>2010</b> , 99, 1719-23	25
604	Use of lipid-based nutrient supplements (LNS) to improve the nutrient adequacy of general food distribution rations for vulnerable sub-groups in emergency settings. <i>Maternal and Child Nutrition</i> , 2.4 <b>2010</b> , 6 Suppl 1, 1-69	61
603	Translational nutrition research at UC Davisthe key role of the Clinical and Translational Science Center. <b>2010</b> , 1190, 179-83	2
602	Reducing wasting in young children with preventive supplementation: a cohort study in Niger. <b>2010</b> , 126, e442-50	27
601	Safety nets can help address the risks to nutrition from increasing climate variability. <b>2010</b> , 140, 148S-52S	46
600	A lipid-based nutrient supplement but not corn-soy blend modestly increases weight gain among 6-to 18-month-old moderately underweight children in rural Malawi. <b>2010</b> , 140, 2008-13	33
599	Effect of an improved local ingredient-based complementary food fortified or not with iron and selected multiple micronutrients on Hb concentration. <b>2010</b> , 13, 1923-30	16
598	Effect of repeated treatment of pregnant women with sulfadoxine-pyrimethamine and azithromycin on preterm delivery in Malawi: a randomized controlled trial. <b>2010</b> , 83, 1212-20	72
597	Maternal dietary counseling in the first year of life is associated with a higher healthy eating index in childhood. <b>2010</b> , 140, 2002-7	44
596	Complementary foods fortified with micronutrients prevent iron deficiency and anemia in Vietnamese infants. <b>2010</b> , 140, 2241-7	18
595	Feeding patterns and behaviors during home supplementation of underweight Malawian children with lipid-based nutrient supplements or corn-soy blend. <b>2010</b> , 54, 504-11	23
594	Rajiv Shah at USAID: reviving nutrition for the world's poor. <b>2010</b> , 375, 355-7	
593	A flexible blueprint for the future of drug development. <b>2010</b> , 375, 357-9	14

Nutrition and Micronutrients in Tropical Infectious Diseases. **2011**, 23-31
