

CITATION REPORT

List of articles citing

Development and reliability of a system to classify gross motor function in children with cerebral palsy

DOI: 10.1111/j.1469-8749.1997.tb07414.x

Developmental Medicine and Child Neurology, 1997, 39, 214-23.

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

1746	Invited Speakers. <i>Developmental Medicine and Child Neurology</i> , 2008 , 45, 21-47	3.3	
1745	In vivo gastrocnemius muscle fascicle length in children with and without diplegic cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 44-50	3.3	90
1744	Sjögren-Larsson syndrome: motor performance and everyday functioning in 17 patients. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 38-43	3.3	23
1743	Relation between muscle thickness, spasticity, and activity limitations in children and adolescents with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 152-6	3.3	51
1742	Observer reliability of the Gross Motor Performance Measure and the Quality of Upper Extremity Skills Test, based on video recordings. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 146-51	3.3	34
1741	Concurrent Free Paper Sessions 1. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 4-17	3.3	4
1740	Concurrent Free Paper Sessions 3. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 32-43	3.3	2
1739	The first meta-analysis of randomized controlled surgical trials in cerebral palsy (2002). <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 244	3.3	1
1738	A systematic review of measures of activity limitation for children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 190-8	3.3	109

1737	Stability of motor impairment in children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 211-5	3-3	27
1736	Energy efficiency in gait, activity, participation, and health status in children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 204-10	3-3	48
1735	The relationship between quality of life and functioning for children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 199-203	3-3	67
1734	Comorbidities and clinical determinants of outcome in children with spastic quadriplegic cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 216-22	3-3	64
1733	Intermittent versus continuous physiotherapy in children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 290-3	3-3	41
1732	How do changes in body functions and structures, activity, and participation relate in children with cerebral palsy?. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 283-9	3-3	99
1731	Development of the Gross Motor Function Classification System for cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 249-53	3-3	311
1730	Cognitive profile in young Icelandic children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 357-62	3-3	91
1729	Prevalence, type, distribution, and severity of cerebral palsy in relation to gestational age: a meta-analytic review. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 334-40	3-3	186
1728	Test-retest reliability of the 10-metre fast walk test and 6-minute walk test in ambulatory school-aged children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 370-6	3-3	166
1727	Co-activity during maximum voluntary contraction: a study of four lower-extremity muscles in children with and without cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 377-81	3-3	26
1726	Skeletal maturation in children with cerebral palsy and its relationship with motor functioning. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 515-9	3-3	11
1725	Results of treatment when orthopaedic surgeons follow gait-analysis recommendations in children with CP. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 503-9	3-3	31
1724	Impact of modafinil on spasticity reduction and quality of life in children with CP. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 510-4	3-3	6
1723	Does sex influence outcome in ambulant children with bilateral spastic cerebral palsy?. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 702-5	3-3	15
1722	Dysphagia in children with severe generalized cerebral palsy and intellectual disability. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 625-30	3-3	178
1721	Adolescents with cerebral palsy: stability in measurement of quality of life and health-related quality of life over 1 year. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 696-701	3-3	19
1720	Gross motor functional abilities in preterm-born children with cerebral palsy due to periventricular leukomalacia. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 684-9	3-3	29

1719	Participation and enjoyment of leisure activities in school-aged children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 751-8	3-3	231
1718	Content validity of the expanded and revised Gross Motor Function Classification System. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 744-50	3-3	1075
1717	Quantification of upper extremity function and range of motion in children with cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 910-7	3-3	49
1716	The Gross Motor Function Classification System--expanded and revised. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 725	3-3	14
1715	Nutritional status of children with cerebral palsy in a Brazilian tertiary-care teaching hospital. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 956	3-3	12
1714	Validity and reliability of the guidelines of the surveillance of cerebral palsy in Europe for the classification of cerebral palsy. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 828-31	3-3	65
1713	Outcome tools used for ambulatory children with cerebral palsy: responsiveness and minimum clinically important differences. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 918-25	3-3	180
1712	Single versus bihemispheric amplitude-integrated electroencephalography in relation to cerebral injury and outcome in the term encephalopathic infant. 2008 , 44, 285-90		20
1711	Is there a relationship between preferred posture and positioning in early life and the direction of subsequent asymmetrical postural deformity in non ambulant people with cerebral palsy?. 2008 , 34, 635-41		17
1710	Stress in parents of children with cerebral palsy: what sources of stress are we talking about?. 2008 , 34, 825-9		72
1709	Health status of children with cerebral palsy living in Europe: a multi-centre study. 2008 , 34, 806-14		35
1708	Lifestyle limitations of children and young people with severe cerebral palsy: a population study protocol. 2008 , 61, 557-69		7
1707	Lower limb strength training in children with cerebral palsy--a randomized controlled trial protocol for functional strength training based on progressive resistance exercise principles. 2008 , 8, 41		45
1706	Participation in everyday activities and quality of life in pre-teenage children living with cerebral palsy in South West Ireland. 2008 , 8, 50		55
1705	Long-term outcomes five years after selective dorsal rhizotomy. 2008 , 8, 54		85
1704	Reliability of Ashworth and Modified Ashworth scales in children with spastic cerebral palsy. 2008 , 9, 44		121
1703	Cerebral palsy in Norway: prevalence, subtypes and severity. 2008 , 12, 4-13		223
1702	Neuromotor development in infants with cerebral palsy investigated by the Hammersmith Infant Neurological Examination during the first year of age. 2008 , 12, 24-31		40

1701	Parental perception of cold extremities and other accompanying symptoms in children with cerebral palsy. 2008 , 12, 89-96	23
1700	Cerebral palsy. 2008 , 32, 35-41	33
1699	Neurodevelopmental follow-up of very preterm infants after proactive treatment at a gestational age of > or = 23 weeks. 2008 , 152, 771-6, 776.e1-2	25
1698	Self-esteem, self-concept, and quality of life in children with hemiplegic cerebral palsy. 2008 , 153, 473-7	55
1697	Do parents of children with cerebral palsy express different concerns in relation to their child's type of cerebral palsy, age and level of disability?. 2008 , 94, 56-62	20
1696	Cerebral palsy: medical aspects. 2008 , 55, 1189-207, ix	26
1695	Epidemiology of cerebral palsy. 2008 , 18, 393-398	61
1694	Psychometric properties of the Child Health Assessment Questionnaire (CHAQ) applied to children and adolescents with cerebral palsy. 2008 , 6, 109	12
1693	Cerebral palsy: orthopedic aspects and rehabilitation. 2008 , 55, 1209-25, ix	31
1692	Cerebral Palsy. 2008 , 260-268	
1691	A randomized, controlled trial of magnesium sulfate for the prevention of cerebral palsy. 2008 , 359, 895-905	536
1690	Neonatal outcome and two-year follow-up after expectant management of second trimester rupture of membranes. 2008 , 101, 264-8	27
1689	Hand function in cerebral palsy. Report of 367 children in a population-based longitudinal health care program. 2008 , 33, 1337-47	117
1688	Self-reported health status and quality of life in youth with cerebral palsy and typically developing youth. 2008 , 89, 121-7	50
1687	The interaction between executive attention and postural control in dual-task conditions: children with cerebral palsy. 2008 , 89, 834-42	53
1686	Comparison of botulinum toxin type A injection and soft-tissue surgery to treat hip subluxation in children with cerebral palsy. 2008 , 89, 2108-13	17
1685	The effect of simulating weight gain on the energy cost of walking in unimpaired children and children with cerebral palsy. 2008 , 89, 2302-8	16
1684	The effect of treatment of obstructive sleep apnea on quality of life in children with cerebral palsy. 2008 , 29, 133-40	51

1683	Selective dorsal rhizotomy in Hong Kong: multidimensional outcome measures. 2008 , 39, 22-32	23
1682	Prospective study examining remote effects of botulinum toxin a in children with cerebral palsy. 2008 , 39, 253-8	9
1681	Treatment-induced plasticity in cerebral palsy: a diffusion tensor imaging study. 2008 , 39, 341-9	45
1680	The effect of frequency of cerebral palsy treatment: a matched-pair pilot study. 2008 , 39, 335-40	19
1679	Test-retest reliability of spatial and temporal gait parameters in children with cerebral palsy as measured by an electronic walkway. 2008 , 27, 43-50	42
1678	Reliability and comparison of electromyographic and kinetic measurements during a standing reach task in children with and without cerebral palsy. 2008 , 27, 128-37	24
1677	Biomechanics of recumbent cycling in adolescents with cerebral palsy with and without the use of a fixed shank guide. 2008 , 27, 539-46	3
1676	Power generation in children with spastic hemiplegic cerebral palsy. 2008 , 27, 641-7	40
1675	Single-session reliability of discrete gait parameters in ambulatory children with cerebral palsy based on GMFCS level. 2008 , 28, 627-33	19
1674	Reliability and validity of an activity monitor (IDEEA) in the determination of temporal-spatial gait parameters in individuals with cerebral palsy. 2008 , 28, 634-9	27
1673	Walking ability is related to muscle strength in children with cerebral palsy. 2008 , 28, 366-71	106
1672	Differences in pedal forces during recumbent cycling in adolescents with and without cerebral palsy. 2008 , 23, 248-51	12
1671	Lower extremity muscle activity during cycling in adolescents with and without cerebral palsy. 2008 , 23, 442-9	20
1670	Poster Presentations. <i>Developmental Medicine and Child Neurology</i> , 2008 , 50, 49-59	3.3 1
1669	Outcomes of safety and effectiveness in a multicenter randomized, controlled trial of whole-body hypothermia for neonatal hypoxic-ischemic encephalopathy. 2008 , 122, e791-8	125
1668	Use of the child health questionnaire in children with cerebral palsy: a systematic review and evaluation of the psychometric properties. 2008 , 33, 80-90	26
1667	Perceived Level of Disability: Factors Influencing Therapists' Judgment for Clients With Cerebral Palsy. 2008 , 18, 12-19	4
1666	Eficacia de la terapia de movimiento inducido por restricci3n en ni3s con par3lisis cerebral. 2008 , 42, 199-204	3

1665	The performance profile on the Wisconsin Card Sorting Test of a group of children with cerebral palsy aged between 9 and 12. 2008 , 11, 134-40	15
1664	Reliability of hand-held dynamometry and functional strength tests for the lower extremity in children with Cerebral Palsy. 2008 , 30, 1358-66	99
1663	Association between motor and mental functioning in toddlers with cerebral palsy. 2008 , 11, 276-82	20
1662	Goal-oriented rehabilitation of preschoolers with cerebral palsy--a multi-case study of combined use of the Canadian Occupational Performance Measure (COPM) and the Goal Attainment Scaling (GAS). 2008 , 11, 252-9	75
1661	Probability of walking in children with cerebral palsy in Europe. 2008 , 121, e187-92	105
1660	Functional activities of the upper extremity of young adults with cerebral palsy: a limiting factor for participation?. 2008 , 30, 387-95	21
1659	Unmet needs and health care utilization in young adults with cerebral palsy. 2008 , 30, 1254-62	43
1658	Oral baclofen increases maximal voluntary neuromuscular activation of ankle plantar flexors in children with spasticity due to cerebral palsy. 2008 , 23, 635-9	6
1657	Risk factors for adverse outcome in preterm infants with periventricular hemorrhagic infarction. 2008 , 122, e46-52	49
1656	A low-cost video game applied for training of upper extremity function in children with cerebral palsy: a pilot study. 2008 , 11, 27-32	105
1655	Actual vs. best practices for young children with cerebral palsy: a survey of paediatric occupational therapists and physical therapists in Quebec, Canada. 2008 , 11, 60-80	51
1654	Reference curves for the Gross Motor Function Measure: percentiles for clinical description and tracking over time among children with cerebral palsy. 2008 , 88, 596-607	152
1653	Morphometric changes in the acetabulum after Dega osteotomy in patients with cerebral palsy. 2008 , 90, 88-91	29
1652	Roles of reflex activity and co-contraction during assessments of spasticity of the knee flexor and knee extensor muscles in children with cerebral palsy and different functional levels. 2008 , 88, 1124-34	12
1651	Assessment protocol for serial casting after botulinum toxin a injections to treat equinus gait. 2008 , 20, 233-41	14
