

A high-resolution chemical and structural study of framboidal iron sulfide in a low-temperature bacterial biofilm

Geobiology

6, 471-480

DOI: [10.1111/j.1472-4669.2008.00174.x](https://doi.org/10.1111/j.1472-4669.2008.00174.x)
