

CITATION REPORT

List of articles citing

Acute effects of the combination of sildenafil and inhaled treprostinil on haemodynamics and gas exchange in pulmonary hypertension

DOI: 10.1016/j.pupt.2008.07.003

Pulmonary Pharmacology and Therapeutics, 2008, 21, 824-32

Source: <https://exaly.com/paper-pdf/44017355/citation-report.pdf>

Version: 2024-04-03

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
