

# CITATION REPORT

List of articles citing

## Radiative forcing by long-lived greenhouse gases: Calculations with the AER radiative transfer models

DOI: 10.1029/2008jd009944

Journal of Geophysical Research, 2008, 113, .

**Source:** <https://exaly.com/paper-pdf/44120217/citation-report.pdf>

**Version:** 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
