

Definition of subtypes in the European genotype of porcine circovirus type 2: nucleocapsid characteristics and geographical distribution

Archives of Virology

153, 1479-1488

DOI: [10.1007/s00705-008-0146-2](https://doi.org/10.1007/s00705-008-0146-2)

Citation Report

| # | ARTICLE | IF | CITATIONS |
|----|--|-----|-----------|
| 1 | Frequency of PRRS live vaccine virus (European and North American genotype) in vaccinated and non-vaccinated pigs submitted for respiratory tract diagnostics in North-Western Germany. <i>Preventive Veterinary Medicine</i> , 2009, 92, 31-37. | 1.9 | 19 |
| 2 | Development of a one-step real-time quantitative PCR assay based on primer-probe energy transfer for the detection of porcine reproductive and respiratory syndrome virus. <i>Journal of Virological Methods</i> , 2009, 158, 41-45. | 2.1 | 23 |
| 3 | Complete genomic characterization of a European type 1 porcine reproductive and respiratory syndrome virus isolate in Korea. <i>Archives of Virology</i> , 2009, 154, 629-638. | 2.1 | 49 |
| 4 | Efficacy of a modified live porcine reproductive and respiratory syndrome virus (PRRSV) vaccine in pigs naturally exposed to a heterologous European (Italian cluster) field strain: Clinical protection and cell-mediated immunity. <i>Vaccine</i> , 2009, 27, 3788-3799. | 3.8 | 143 |
| 5 | In silico prediction and ex vivo evaluation of potential T-cell epitopes in glycoproteins 4 and 5 and nucleocapsid protein of genotype-I (European) of porcine reproductive and respiratory syndrome virus. <i>Vaccine</i> , 2009, 27, 5603-5611. | 3.8 | 68 |
| 6 | Prevalence and phylogenetic analysis of the isolated type I porcine reproductive and respiratory syndrome virus from 2007 to 2008 in Korea. <i>Virus Genes</i> , 2010, 40, 225-230. | 1.6 | 44 |
| 7 | Pathogenesis and antigenic characterization of a new East European subtype 3 porcine reproductive and respiratory syndrome virus isolate. <i>BMC Veterinary Research</i> , 2010, 6, 30. | 1.9 | 193 |
| 8 | A molecular analysis of European porcine reproductive and respiratory syndrome virus isolated in South Korea. <i>Veterinary Microbiology</i> , 2010, 143, 394-400. | 1.9 | 53 |
| 9 | Genetic diversity of Porcine reproductive and respiratory syndrome virus (PRRSV) in selected herds in a pig-dense region of North-Western Germany. <i>Veterinary Microbiology</i> , 2010, 143, 213-223. | 1.9 | 18 |
| 10 | A Variable Region in GP4 of European-Type Porcine Reproductive and Respiratory Syndrome Virus Induces Neutralizing Antibodies Against Homologous But Not Heterologous Virus Strains. <i>Viral Immunology</i> , 2010, 23, 403-413. | 1.3 | 59 |
| 11 | PriProET based melting point analyses on PRRSV positive field samples. <i>Molecular and Cellular Probes</i> , 2010, 24, 411-414. | 2.1 | 5 |
| 12 | Certainties, doubts and hypotheses in porcine reproductive and respiratory syndrome virus immunobiology. <i>Virus Research</i> , 2010, 154, 123-132. | 2.2 | 115 |
| 13 | Molecular epidemiology of PRRSV: A phylogenetic perspective. <i>Virus Research</i> , 2010, 154, 7-17. | 2.2 | 300 |
| 14 | The ever-expanding diversity of porcine reproductive and respiratory syndrome virus. <i>Virus Research</i> , 2010, 154, 18-30. | 2.2 | 263 |
| 15 | GP4-specific neutralizing antibodies might be a driving force in PRRSV evolution. <i>Virus Research</i> , 2010, 154, 104-113. | 2.2 | 53 |
| 16 | Characterization of antigenic regions in the porcine reproductive and respiratory syndrome virus by the use of peptide-specific serum antibodies. <i>Vaccine</i> , 2011, 29, 4794-4804. | 3.8 | 95 |
| 17 | Porcine reproductive and respiratory syndrome virus (PRRSV)-specific mAbs: supporting diagnostics and providing new insights into the antigenic properties of the virus. <i>Veterinary Immunology and Immunopathology</i> , 2011, 141, 246-257. | 1.2 | 39 |
| 18 | Identification of non-essential regions in nucleocapsid protein of porcine reproductive and respiratory syndrome virus for replication in cell culture. <i>Virus Research</i> , 2011, 158, 62-71. | 2.2 | 12 |
