List of articles citing

## Synthesis, Characterization and Aspects of Superhydrophobic Functionalized Carbon Nanotubes

DOI: 10.1021/cm7034079

Chemistry of Materials, 2008, 20, 2884-2886.

**Source:** <https://exaly.com/paper-pdf/44372094/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
