Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2243	Exposing the key functions of a complex intervention for shared care in mental health: case study of a process evaluation. 2008 , 8, 274		62
2242	Goal setting in rehabilitation: an overview of what, why and how. 2009 , 23, 291-5		190
2241	Comparison of a phased experimental approach and a single randomized clinical trial for developing multicomponent behavioral interventions. 2009 , 6, 5-15		48
2240	Is there a place for mental health research in general practice?. 2009 , 2, 5-7		
2239	Use of qualitative methods alongside randomised controlled trials of complex healthcare interventions: methodological study. <i>BMJ, The</i> , 2009 , 339, b3496	5.9	428
2238	The CHANGE approach to capacity-building assistance. 2009 , 21, 137-51		15
2237	Capturing process and outcome in complex rehabilitation interventions: A "Y-shaped" model. 2009 , 19, 867-90		92
2236	Identifying and applying psychological theory to setting and achieving rehabilitation goals. 2009 , 23, 321-33		75
2235	Frailty: an emerging concept for general practice. 2009 , 59, e177-82		160
2234	Building blocks for meta-synthesis: data integration tables for summarising, mapping, and synthesising evidence on interventions for communicating with health consumers. 2009 , 9, 16		32
2233	A translational framework for public health research. 2009 , 9, 116		94
2232	Evaluation of community level interventions to address social and structural determinants of health: a cluster randomised controlled trial. 2009 , 9, 207		37
2231	What infection control measures will people carry out to reduce transmission of pandemic influenza? A focus group study. 2009 , 9, 258		53
2230	Developing obesity prevention interventions among minority ethnic children in schools and places of worship: The DEAL (DiEt and Active Living) study. 2009 , 9, 480		28
2229	Evaluating complex health interventions: a critical analysis of the 'outcomes' concept. 2009 , 9, 18		76
2228	Researching the mental health needs of hard-to-reach groups: managing multiple sources of evidence. 2009 , 9, 226		31
2227	RCTs in complex nursing interventions and laboratory experimental studies. 2009 , 46, 588-92		25

2226	Chiropractic treatment for fibromyalgia: a systematic review. 2009 , 28, 1175-8	22
2225	Multi-component health promotion and disease prevention for community-dwelling frail elderly persons: a systematic review. 2009 , 6, 315	41
2224	Effectiveness and cost-effectiveness of an educational intervention for practice teams to deliver problem focused therapy for insomnia: rationale and design of a pilot cluster randomised trial. 2009 , 10, 9	7
2223	A Phase II randomised controlled trial assessing the feasibility, acceptability and potential effectiveness of dignity therapy for older people in care homes: study protocol. 2009 , 9, 9	29
2222	Health promotion and the randomised controlled trial: a square peg in a round hole?. 2009 , 9, 1	12
2221	Assessing the feasibility, acceptability and potential effectiveness of Dignity Therapy for people with advanced cancer referred to a hospital-based palliative care team: Study protocol. 2009 , 8, 5	28
2220	Promoting smoking cessation in Bangladeshi and Pakistani male adults: design of a pilot cluster randomised controlled trial of trained community smoking cessation workers. 2009 , 10, 71	5
2219	Can't do it, won't do it! Developing a theoretically framed intervention to encourage better decontamination practice in Scottish dental practices. 2009 , 4, 31	11
2218	Specifying and reporting complex behaviour change interventions: the need for a scientific method. 2009 , 4, 40	550
2217	Using theories of behaviour to understand transfusion prescribing in three clinical contexts in two countries: development work for an implementation trial. 2009 , 4, 70	44
2216	Perturbing ongoing conversations about systems and complexity in health services and systems. 2009 , 15, 549-52	21
2215	Use of qualitative research as evidence in the clinical guideline program of the National Institute for Health and Clinical Excellence. 2009 , 7, 169-72	18
2214	Researching breathlessness in palliative care: consensus statement of the National Cancer Research Institute Palliative Care Breathlessness Subgroup. 2009 , 23, 213-27	71
2213	From pills to programs: lessons from medicine for developing effective lifestyle interventions. 2009 , 49, 12-8	8
2212	Feasibility and acceptance of electronic quality of life assessment in general practice: an implementation study. 2009 , 7, 51	21
2211	Are vaccination programmes delivered by lay health workers cost-effective? A systematic review. 2009 , 7, 81	18
2210	Communicating the benefits, harms and risks of medical interventions: in journals; to patients and public. 2009 , 7, 3-6	3
2209	Challenges in evaluating surgical innovation. 2009 , 374, 1097-104	417

2208	No surgical innovation without evaluation: the IDEAL recommendations. 2009 , 374, 1105-12		1053
2207	Methodological challenges in evaluating the effectiveness of women's crisis houses compared with psychiatric wards: findings from a pilot patient preference RCT. 2009 , 197, 722-7		13
2206	ARTIST (osteoarthritis intervention standardized) study of standardised consultation versus usual care for patients with osteoarthritis of the knee in primary care in France: pragmatic randomised controlled trial. <i>BMJ, The</i> , 2009 , 338, b421	5.9	53
2205	Experimental pretesting of hand-washing interventions in a natural setting. 2009 , 99 Suppl 2, S405-11		118
2204	Interactive computer-based interventions for sexual health promotion. 2010 , CD006483		112
2203	A pilot whole-school intervention to improve school ethos and reduce substance use. 2010 , 110, 252-272		18
2202	New measures to establish the evidence base for medical education: identifying educationally sensitive patient outcomes. 2010 , 85, 844-51		47
2201	Improving the quality of quality improvement projects. 2010 , 36, 468-73		16
2200	Polyclinics and polysystems: evolving ambiguity, evidence required. 2010 , 60, 400-1		6
2199	Information provision for persons with multiple sclerosis. 2010 ,		2
2198	Where next with residential alternatives to admission?. 2010 , 53, s52-4		8
2197	Psychosocial interventions for reducing antipsychotic medication in care home residents. 2010 ,		
2196	Lay health workers in primary and community health care for maternal and child health and the management of infectious diseases. 2010 , CD004015		513
2195	Recruitment strategies for palliative cancer care patients and carers. 2010 , 17, 369-371		4
2194	Intention-to-treat in randomized controlled trials: recommendations for a total trial strategy. 2010 , 33, 355-68		67
2193	Development of a framework for reporting health service models for managing rheumatoid arthritis. 2010 , 29, 151-65		8
2192	"It makes you feel so full of life" LiveWell, a feasibility study of a personalised lifestyle programme for colorectal cancer survivors. 2010 , 18, 409-15		52
2191	Therapeutic evaluation on complex interventions of integrative medicine and the potential role of data mining. 2010 , 16, 466-71		3

2190	Relationship between drug-related problems and health outcomes: a cross-sectional study among cardiovascular patients. 2010 , 32, 512-9	32
2189	A systematic grounded approach to the development of complex interventions: the Australian WorkHealth Program--arthritis as a case study. 2010 , 70, 342-350	18
2188	Increasing walking in patients with intermittent claudication: protocol for a randomised controlled trial. 2010 , 10, 49	6
2187	A tutorial on pilot studies: the what, why and how. 2010 , 10, 1	1373
2186	Protocol for a mixed methods study investigating the impact of investment in housing, regeneration and neighbourhood renewal on the health and wellbeing of residents: the GoWell programme. 2010 , 10, 41	63
2185	What is a pilot or feasibility study? A review of current practice and editorial policy. 2010 , 10, 67	699
2184	Improving adherence to medication in stroke survivors (IAMSS): a randomised controlled trial: study protocol. 2010 , 10, 15	28
2183	Multi-centre parallel arm randomised controlled trial to assess the effectiveness and cost-effectiveness of a group-based cognitive behavioural approach to managing fatigue in people with multiple sclerosis. 2010 , 10, 43	27
2182	Feasibility of a mental practice intervention in stroke patients in nursing homes; a process evaluation. 2010 , 10, 74	18
2181	Challenges in evaluating Welfare to Work policy interventions: would an RCT design have been the answer to all our problems?. 2010 , 10, 254	9
2180	A pragmatic randomised controlled trial of the Welsh National Exercise Referral Scheme: protocol for trial and integrated economic and process evaluation. 2010 , 10, 352	27
2179	A systematic review of population health interventions and Scheduled Tribes in India. 2010 , 10, 438	22
2178	Evaluation design for a complex intervention program targeting loneliness in non-institutionalized elderly Dutch people. 2010 , 10, 552	17
2177	Partnership work between Public Health and Health Psychology: introduction to a novel training programme. 2010 , 10, 692	2
2176	Commuting and health in Cambridge: a study of a 'natural experiment' in the provision of new transport infrastructure. 2010 , 10, 703	61
2175	Improving the uptake of preconception care and periconceptional folate supplementation: what do women think?. 2010 , 10, 786	49
2174	Understanding reactions to an internet-delivered health-care intervention: accommodating user preferences for information provision. 2010 , 10, 52	74
2173	Development and formative evaluation of the e-Health Implementation Toolkit (e-HIT). 2010 , 10, 61	45

2172	Lifting the lid of the "black intervention box" - the systematic development of an action competence programme for people with screen-detected dysglycaemia. 2010 , 10, 114	10
2171	Using a realist approach to evaluate smoking cessation interventions targeting pregnant women and young people. 2010 , 10, 49	14
2170	Experiences of mental illness stigma, prejudice and discrimination: a review of measures. 2010 , 10, 80	225
2169	Methods for evaluating delivery systems for scaling-up malaria control intervention. 2010 , 10 Suppl 1, S8	13
2168	Normalisation process theory: a framework for developing, evaluating and implementing complex interventions. 2010 , 8, 63	584
2167	Improving health and productivity of depressed workers: a pilot randomized controlled trial of telephone cognitive behavioral therapy delivery in workplace settings. 2010 , 32, 337-40	24
2166	Individualized Cognition-Action intervention to prevent behavioral disturbances and functional decline in institutionalized older adults: a randomized pilot trial. 2010 , 25, 850-60	15
2165	The ParkinsonNet concept: development, implementation and initial experience. 2010 , 25, 823-9	58
2164	What constitutes evidence-based patient information? Overview of discussed criteria. 2010 , 78, 316-28	141
2163	Development and preliminary evaluation of a cognitive behavioural approach to fatigue management in people with multiple sclerosis. 2010 , 78, 240-9	31
2162	Health improvement and prevention study (HIPS) - evaluation of an intervention to prevent vascular disease in general practice. 2010 , 11, 57	24
2161	The RISAP-study: a complex intervention in risk communication and shared decision-making in general practice. 2010 , 11, 70	7
2160	The MATISSE study: a randomised trial of group art therapy for people with schizophrenia. 2010 , 10, 65	24
2159	A systematic review of psychosocial interventions for family carers of palliative care patients. 2010 , 9, 17	122
2158	Internet-based medical education: a realist review of what works, for whom and in what circumstances. 2010 , 10, 12	249
2157	An efficacy trial of brief lifestyle intervention delivered by generalist community nurses (CN SNAP trial). 2010 , 9, 4	7
2156	Explaining the impact of a women's group led community mobilisation intervention on maternal and newborn health outcomes: the Ekjut trial process evaluation. 2010 , 10, 25	63
2155	The impact of care pathways for exacerbation of Chronic Obstructive Pulmonary Disease: rationale and design of a cluster randomized controlled trial. 2010 , 11, 111	32

2154	Translating research into practice in Leeds and Bradford (TRiPLaB): a protocol for a programme of research. 2010 , 5, 37	18
2153	Supported local implementation of clinical guidelines in psychiatry: a two-year follow-up. 2010 , 5, 4	20
2152	Embedding effective depression care: using theory for primary care organisational and systems change. 2010 , 5, 62	59
2151	Development of a primary care-based complex care management intervention for chronically ill patients at high risk for hospitalization: a study protocol. 2010 , 5, 70	24
2150	Improving the care for people with acute low-back pain by allied health professionals (the ALIGN trial): A cluster randomised trial protocol. 2010 , 5, 86	35
2149	Process evaluation of appreciative inquiry to translate pain management evidence into pediatric nursing practice. 2010 , 5, 90	15
2148	Usability evaluation of a clinical decision support tool for osteoporosis disease management. 2010 , 5, 96	32
2147	Risk assessment of pre-hospital trauma airway management by anaesthesiologists using the predictive Bayesian approach. 2010 , 18, 22	5
2146	W(h)ither complexity? The emperor's new toolkit? Or elucidating the evolution of health systems knowledge?. 2010 , 16, 415-20	18
2145	Simple maternal-child health intervention has long-term resonance with parents. 2010 , 66, 945	
2144	Implementation of antiretroviral therapy adherence interventions: a realist synthesis of evidence. 2010 , 66, 1915-30	18
2143	Community pharmacy service users' views and perceptions of alcohol screening and brief intervention. 2010 , 29, 596-602	43
2142	Methodological issues arising from a pilot RCT investigating the effectiveness of joint protection. 2010 , 17, 654-664	3
2141	Alternatives to standard acute in-patient care for people with mental disorders: from systematic description to evaluative research. 2010 , 53, s1-3	4
2140	Outcome measurement in economic evaluations of public health interventions: a role for the capability approach?. 2010 , 7, 2274-89	80
2139	Pediatrics milestone project: next steps toward meaningful outcomes assessment. 2010 , 2, 577-84	63
2138	Public health evaluation in the twenty-first century: time to see the wood as well as the trees. 2010 , 32, 2-7	55
2137	Review: improving end-of-life care: a critical review of the gold standards framework in primary care. 2010 , 24, 317-29	117

2136	Are project presentations important?. 2010 , 14, 85-87		
2135	Rehabilitation in a primary care setting for persons with chronic illness [a randomized controlled trial. 2010 , 11, 382-395		30
2134	Evaluating delivery systems: complex evaluations and plausibility inference. 2010 , 82, 672-7		23
2133	Maternal metabolism and obesity: modifiable determinants of pregnancy outcome. 2010 , 16, 255-75		236
2132	Trials in primary care: statistical issues in the design, conduct and evaluation of complex interventions. 2010 , 19, 349-77		31
2131	Defining research to improve health systems. 2010 , 7, e1001000		107
2130	The Västertotten Intervention Programme: background, design and implications. 2010 , 3,		192
2129	Group interventions to improve health outcomes: a framework for their design and delivery. 2010 , 10, 800		57
2128	Cluster randomized controlled trial of a patient and general practitioner intervention to improve the management of multiple risk factors after stroke: stop stroke. 2010 , 41, 2470-6		57
2127	Towards evidence-based, quality-controlled health promotion: the Dutch recognition system for health promotion interventions. 2010 , 25, 1100-6		28
2126	Monitoring use of knowledge and evaluating outcomes. 2010 , 182, E94-8		48
2125	Interventions to promote cycling: systematic review. <i>BMJ, The</i> , 2010 , 341, c5293	5.9	192
2124	Telehealthcare for asthma. 2010 , CD007717		58
2123	The physical activity [mental wellbeing association in young people: A case study in dealing with a complex public health topic using a [realistic evaluation] framework. 2010 , 3, 61-66		31
2122	Rationale and development of the physical activity counselling intervention for a pragmatic TRial of Exercise and Depression in the UK (TREAD-UK). 2010 , 3, 85-91		28
2121	Telemonitoring in patients with heart failure. 2010 , 363, 2301-9		829
2120	Increasing influenza vaccination rates: where is the behaviour change theory?. 2010 , 28, 3632		3
2119	Accelerometers and Internet for physical activity promotion in youth? Feasibility and effectiveness of a minimal intervention [ISRCTN93896459]. 2010 , 51, 31-6		59

2118	Parasites and poverty: the case of schistosomiasis. 2010 , 113, 95-104	385
2117	Effective interventions for homeless youth: a systematic review. 2010 , 38, 637-45	91
2116	Feasibility study of Transcutaneous Electrical Nerve Stimulation (TENS) for cancer bone pain. 2010 , 11, 351-9	38
2115	A cognitive model of menopausal hot flushes and night sweats. 2010 , 69, 491-501	91
2114	Preoperative therapeutic exercise in frail elderly scheduled for total hip replacement: a randomized pilot trial. 2010 , 24, 901-10	74
2113	Family history in public health practice: a genomic tool for disease prevention and health promotion. 2010 , 31, 69-87 1 p following 87	167
2112	Preoperative therapeutic programme for elderly patients scheduled for elective abdominal oncological surgery: a randomized controlled pilot study. 2010 , 24, 614-22	170
2111	An audit of the implementation of the international consensus group's guidelines on reporting of blood films. 2010 , 63, 351-4	3
2110	A remedial intervention linked to a formative assessment is effective in terms of improving student performance in subsequent degree examinations. 2010 , 32, e185-90	26
2109	Models of rehabilitation - commonalities of interventions that work and of those that do not. 2010 , 32, 1051-8	9
2108	The science of general practice. A keynote address to the Wonca Europe Conference in Warsaw, Poland, September 2011. 2011 , 17, 241-4	
2107	Real-time functional magnetic resonance imaging neurofeedback for treatment of Parkinson's disease. 2011 , 31, 16309-17	186
2106	'The research compass': an introduction to research in medical education: AMEE Guide no. 56. 2011 , 33, 695-709	130
2105	Stroke services for risk reduction in the secondary prevention of stroke. 2011 ,	1
2104	How to perform a preplanned process evaluation for complex interventions in geriatric medicine: exemplified with the process evaluation of a complex falls-prevention program for community-dwelling frail older fallers. 2011 , 12, 331-6	24
2103	Many participants in inpatient rehabilitation can quantify their exercise dosage accurately: an observational study. 2011 , 57, 117-22	18
2102	The evaluation of chronic disease self-management support across settings: the international experience of the health education impact questionnaire quality monitoring system. 2011 , 46, 255-70, v	45
