

CITATION REPORT

List of articles citing

Young age at diagnosis correlates with worse prognosis and defines a subset of breast cancers with shared patterns of gene expression

DOI: 10.1200/jco.2007.14.2471

Journal of Clinical Oncology, 2008, 26, 3324-30.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
